MONTEVALLO, ALABAMA, THURSDAY, JUNE 6, 1940

NUMBER 3

F. H. A. Members Convene Here For Three-Day Meet

Five hundred high school girl-members of the Future Homemakers of Alabama, and their teachers, will converge on Alabama College for their sixth annual meeting, June 6, 7 and 8.

The Future Homemakers' Association is a local and state organization for high school girls in vocational home economics. The purpose of the organization is to encourage the members to make better use of homemaking training in their personal development and in their home and community life.

Interesting programs, committee meetings, and various types of recreation have been planned.

The members will be greeted by Dr. A. F. Harman, President of Alabama College, and Miss Katherine Forney, State Supervisor of Home Economics Education. The principal speaker for the Friday morning meeting will be R. E. Cammack, State Supervisor of Agricultural Education. His topic will be "F. H. A. and F. F. A. Members in an Alabama Farm and Home Program." Dean T. H. Napier, of Alabama College will speak on "Alabama Youth in Our State's Welfare."

An officers' training course will be offered and committees will work on the following: F. H. A. programs, money-making ideas, F. F. A. projects, joint activities with F. F. A. socials, and news letter reports.

The recreational part of the meeting will include a moving picture, a picnic, swimming in the College pool, tennis on the College courts, and "F. F. A. Frivolities" or stunt night.

The initiation ceremony for the state degree members will be held Thursday night.

Funeral Services Are Held For William S. Moore

William Shelby Moore, age 72, died Monday evening at 6:45 at his home at Jemison. Funeral services were held at the Jemison Methodist Church Tuesday afternoon at 3:30, conducted by Rev. E. L. Hardin, pastor of the Jemison Methodist Church, and Dr. L. D. Patterson, of Norwood Methodist Church. Masonic rites were observed at the grave with an impressive ceremony spoken by Mr. Q. C. Meroney of Verbena.

Survivors in the immediate family are his wife, Mrs. Mollie Reynolds Moore; two sons, Reynolds Moore and Charles Moore, both of Tuscaloosa; four daughters, Mrs. Hal Dickinson, of Lincoln, Ala.; Mrs. E. M. Williams, of Coaling, Ala.; Mrs. Nannie Hayes, of Springville, Ala.; Mrs. Lonie Duffy, of Jemison; six grandchildren.

Mr. Moore was a member of a prominent and widely known family, a son of the late John Bennington Moore and Nancy Carolyn Garner Moore. He was born and reared on the family estate in the Dry Valley community a few miles south of Montevallo.

Four brothers are Dr. J. Alex Moore, of Montevallo; Dr. Cary Moore, of Talladega; Dr. Cliff Moore, of Dry Valley. There are also four sisters: Mrs. K. S. Sessions, of Birmingham; Miss Mary Sue Moore, of Dry Valley; Mrs. Warner Randall, of Birmingham; Mrs. Joe W. Bailey, of Birmingham.

Mr. Davis Southard, of Athens, is spending a few days here with his elder brother, Mr. Shelby E. Southard, executive secretary of Alabama College.

J. A. Brown, Jr. has taken the place of Mr. Slick Morse as manager of the Montevallo Grocery Co.

Adviser

DR. ROBERT G. FOSTER

Woman Adviser To Address Alabama P. T. A. Congress

University, Alabama — Parents and teachers of Alabama are invited to attend the eleventh annual institute of the Alabama Congress of Parents and Teachers to be held at the University of Alabama on June 17-20.

Dr. Robert G. Foster, director advisory service for college women and research in women's education, Merrill-Palmer School, Detroit, will be the principal speaker.

This noted authority on women's education and problems will give a series of lectures on such subjects as: Are you fit to Marry? What is Family Development? What is Education for Marriage and Family Life? The Importance of Women's Education. He will also take part in consultation periods being arranged by the P. T. A. Congress officials.

R. A. REID APPOINTED POSTMASTER FOR 2nd TERM

Mr. R. A. Reid received a telegram Monday from Senator John H. Bankhead advising the United States Senate had confirmed his appointment as postmaster at Montevallo for another term.

Mr. Reid has served as Postmaster here for the past four years. His record and service in this important position have been of the highest integrity, and altogether pleasing to the patrons of the office.

Towery Motor Co. Starts New Home

The new Towery Motor Company building in the Wilson addition is now under construction and will be ready for occupancy about July 1. The structure is on the old cotton mill lot and is being built so as to utilize the brick walls, foundation, etc. that are already there.

Spacious and of large proportions, the new building will provide ample room for all departments of Towery Motor Company, including garage, filling station, show rooms for new cars, painting, washing, polishing, tire service, etc.

The new place is alongside State Highway 25 just beyond the viaduct approaching Montevallo from Calera. Wide driveways will lead off from the highway and enter the building.

FRANCIS KILLINGSWORTH TO WORK FOR AAA

Mr. Francis Killingsworth has obtained a position for the summer with the Agricultural Adjustment Administration. His work will include measuring of the cotton crop acreage in this section of the country, which is included in Beat 4.

NOTICE LEGION MEMBERS

The annual inspection meeting and election of officers of Hendrick-Hudson Post No. 96 will be held at the Hut on Thursday night, June 13.

Comrade E. G. Gillespie, of West Blocton, will visit our Post and make the formal inspection for the Alabama Department.

All members are urged to be present.—W. M. Wyatt Commander, R. P. Holcombe, Adjutant.

H. L. Morse Buys DeLuxe Cleaners

Mr. H. L. Morse, popularly known as "Slick," took charge of the operations of the DeLuxe Cleaners in Montevallo last Saturday, June 1, having bought the business from Mr. M. C. Jeter. He will continue the business at the same place on the upper end of Main Street, next to the Legion Hut.

Mr. E. C. Criswell, who has been with the business since it was started about four years ago, will continue his association with Mr. Morse.

"Slick" is a well known and popular young business man. He has been working in this vicinity for the past 19 years. At one time he was with Wilson Drug Co. He worked for Luther Shaw two years at the brick plant. For seven years he was with the Birmingham News and Age Herald in charge of the circulation in the Siluria and Montevallo section. The past two years he was with Mr. J. A. Brown at the Montevallo Grocery Co.

In taking over his own business venture Mr. Morse says:

"I am taking this business venture with the determination to give a service that will gain the support of the people of Montevallo and adjacent communities. To all my friends I want to say that I will appreciate your patronage and your good-will. Our plant and organization is equipped to give you the kind or dry cleaning service you want and deserve. Call us, we are ready to serve you."

HALF HOLIDAY ON THURSDAY

Thursday afternoon is declared a half holiday. All stores except the drug stores will close Thursday at 12 p. m., conforming to the usual summer months custom. This will continue through August.

Interested Citizens Plan Organization Of Volunteer Forest Fire Fighting Groups

W. L. Shaddix of Birmingham, representing the Southern States Forest Fire Commission, is spending a part of the week in various points of Shelby County conferring with some citizens in the interest of a plan to organize volunteer forest fire groups in each rural school district. The Commission is a private agency sponsored by a group of landowners and philanthropists for public welfare.

The plan is being broadly discussed as an effective means of reducing losses by fires in woodlands throughout the entire South. Included in the program is a series of extensive radio broadcasts appearances before high school groups, county Teachers Institutes, and broad distribution of forestry literature furnished by the Commission and the State and National Forestry Agencies.

One of the principal aims of the groups is to organize a Junior Fire Patrol in each high school, and which patrol in turn elects their fire chiefs, fire lieutenants, and wardens. These boys are given free schedules, and supplies free on condition that the members grab a pine top and devote time when needed in whipping out fires.

It is estimated that the average county loses from \$25,000 to \$100,000 annually in fires in woods. Fires in woods burn 100 little pines for every one set out by the governmental plan, Mr. Shaddix stated,

and that if fires could be kept out of woods our game and timber would replenish itself. The idea is one of self-help for the betterment of the whole community.

William Kroell, son of Mr. and Mrs. P. J. Kroell, has gone to Chillicothe, Mo., where he enrolled May 28 at the Chillicothe Business College for courses in commercial and machine bookkeeping training. William is living at Faver Hall on the college campus.

Jarm Wins Over Partlow In Run-Off

Congressman Is Re-elected By
Majority Of 1,300 According
To Early Returns

Representative Pete Jarman apparently won a third term in the United States Congress from the Sixth Alabama District Tuesday when he defeated his vigorous opponent, Billy Partlow, by a majority of about 1,300, according to unofficial returns available Wednesday.

With fairly accurate reports from 194 of the 212 boxes in the district Jarman had 11,991 votes to 10,692 for Partlow. Only 5 of the remaining boxes were in counties where Partlow was leading.

Jarman was leading in 5 of the district's 8 counties, and was only a few votes behind in one of the others, Hale. Partlow was well ahead in Chilton and Tuscaloosa.

By counties the unofficial tabulation showed:

	Jarman	Partlow
Bibb	1498	1052
Chilton	1168	1734
Greene	629	223
Hale	937	978
Perry	1176	731
Shelby	1641	1259
Sumter	1415	210
Tuscaloosa	3527	4495
	11,991	10,692

The Montevallo Vote

In Beat 4 of Shelby County Jarman held to his overwhelming majority of more than 2 to 1. At Montevallo box it was Jarman 240, Partlow 117; at Wilton, Jarman 39, Partlow 27; at Newala, Jarman 25, Partlow 3. Total for beat 4, Jarman 304 Partlow 147.

Four Montevallo Citizens Listed In Who's Who

Of the 22 Alabamians listed for the first time in the new edition of Who's Who in America, Published this week, no city in the State except Birmingham can boast of a greater number of these newcomers than Montevallo. Four of the new listings are from Montevallo, and all are connected with Alabama College.

They are Dr. Lorraine Pierson, head of the foreign language department; Dr. M. L. Orr, head of the education department and training school; Dr. A. W. Vaughan, head of the English department; and Dr. Hallie Farmer, head of the history department.

CALVARY HILL

Dr. Pearson will preach at Calvary Hill, on the Siluria Road near Moore's Cross Roads, at 2:30 Sunday afternoon. All the people in the community are cordially invited to worship with us at that time.

Jarman's Thanks

Immediately upon receipt of the returns from Shelby County Tuesday night, Congressman Jarman said to The Times:

"Please say in this week's paper to my friends and supporters in Shelby County that I most sincerely appreciate the loyal support which they gave me and our mutual cause in Tuesday's primary."

"I shall continue my best efforts to serve the people of the Sixth District in a thoroughly representative manner, and I shall be strengthened in this renewed effort by the ever-present realization of the loyalty of Shelby County friends."

JARMAN'S VICTORY

Well, it was a real fight, regardless of how one might have felt about it personally. We still do not admit that Billy Partlow would make a better Congressman but we will grant that he knows how to pull the political strings.

Any man who can give Pete Jarman the race Partlow did must have "something on the ball" that is hard to see.

Gratifying is the fact that Shelby County "stood hitched" in the Jarman column in spite of the gigantic effort of the Partlow pushers.

The Partlow effort from start to finish was mainly a Tuscaloosa effort to dominate the district. Certain political big-wigs in Tuscaloosa feel that their town is capital of the district—that it should have the representative—and that the other counties should not have anything until Tuscaloosa's selfish toll has been extracted first. Those are the fellows who pushed Partlow into such a phenomenal race. (But they were too modest to let their scheme get into campaign discussions outside of Tuscaloosa.)

It still appears that the only way Tuscaloosa can have a Congressman is to adopt Pete Jarman. And they mighty nigh did it in Tuesday's vote when 3527 of them went to the polls in the Jarman procession. Maybe that 3527 will be something of a sign to the autocrats down there who would have nothing but a Tuscaloosa man in Congress, regardless of any and all other considerations.

The other counties of the Sixth District appreciate the fact that 3527 people of Tuscaloosa prefer to be counted as a part of the whole district, rather than merely zealots for Tuscaloosa alone.

Chilton County pulled a "fox pass" or something. Who can name the decoction that came from this mixture of Democrats and Republicans in that famed and furious political battle ground? Maybe Chilton was just paying its debt of gratitude to Tuscaloosa for taking the location of the Veterans Hospital away from Clanton, which was among the last acts of the administration of Buck Oliver.

We congratulate Pete's home county, Sumter. With a total vote of only one fifth as many as Tuscaloosa, Sumter gave Pete enough majority to offset Tuscaloosa's Partlow majority and 246 to spare toward helping the other six counties make it safe for a victory. That's "loyalty to the home town boy" for you, Tuscaloosa.

So long and best wishes, boys. We have enjoyed the scrap. It was a good one you gave us. We will see you again in about two years.

"HELLO DOC"

A check came to The Times this week from Mrs. W. S. Dooley, of Coral Gables, Florida, for a year's subscription. Attached to it was a postscript from Dr. L. M. Latham saying, "Florida is a fine place and I don't want to leave it; but I can't stay here without The Times. I have got to know every week what is going on among my friends in the old home town." O. K., Doc., and here's hoping our weekly visit to you will contribute just the right home town flavor to sweeten your Florida "orange juice" to the most pleasant proportions.

Typhus Fever
Serious Health
Problem In State

Montgomery, Ala.— Pointing out that more cases of endemic typhus fever (Brill's disease) were reported last year than during any single year except two of the 1930-1939 decade, Dr. J. N. Baker, State Health Officer, described this disease today as one of Alabama's serious health problems.

"Only 67 cases were reported in 1930, but in 1939 this total had increased by more than 600 per cent to 472," he said. "Last year's total was exceeded only by those for 1933 and 1937. Equally disquieting is the fact that the area in which cases have been found has increased greatly within the past decade."

Dr. Baker urged that all food and grain storage places be rat-proofed whenever possible and that waste food products be burned or disposed of in such a manner as not to furnish the rat with an abundant food supply. He also urged that extensive rat-extermination campaign be conducted in those areas where the disease is prevalent.

Mr. Walter Shaw has been sick for the past few days. We heard Tuesday that his family planned to carry him to a hospital in Birmingham for an operation. When we called to verify the news we were greeted with this cheerful remark from Sir Walter: "The hospital can do without me a few more days. I will be at my office Thursday morning ready to receive my friends."

In 1939 more than 25,000 of the more than 100,000 Alabama 4-H club members chose livestock as the major project as compared with the 8,000 in 1929.

BOY SCOUTS

The Montevallo Scouts met last night in the Scout house that now is one of the most active in the state. Jackson led a discussion on Scouting for Boys. The committee was named to see if Woolly about reorganization of the troop. After the business was over, the boys played several games.

The Wilton Patrol contest was held last Friday night with both patrols working hard to win. It last month, and several worthwhile services were rendered to the community by the rival patrols. The Wilton Patrol was cut on town property and churches were swept by the Scouts.

The Eagle Patrol won the contest with better than 500 points. The winning Wolf Patrol will furnish food for a picnic to be held in closing the contest. Mr. Splawn stressed the fact that patrols should keep on doing their best for the community.

The patrols in the contest follows:

The Eagles: B. J. Moore, leader; Lloyd Winslett, assistant patrol leader; Gean Winslett, Ol Cleveland.

The Wolves: Henry Winslett, leader; Vance Barnes, assistant patrol leader; Billy Thompson, Roy Lucas.

One good practice which always pays dividends in the pasture is to mowing of weeds.

BUY te Plans 10-Point, 10-Year MO' ogram For Prosperity

Montgomery, Alabama—With the objective of boosting the income of Alabama citizens and bringing about a "balanced prosperity," the State inaugurated a 10-point, 10-year program here last week.

State officers, Alabama civic leaders and representatives of agriculture, industry, labor, finance, education and the press joined in the campaign that is being promoted by governors and leaders of 11 Southern states.

The meeting authorized Governor Frank M. Dixon and Donald Comer, textile mill chain operator and chairman of the Alabama Committee, to point groups and to perfect organizations that will work toward realization in this State of the aims of the program.

Objectives of the Alabama group are to:

1. Balance money crops (including forestry) with food, feed and fertilizer crops.
2. Balance crops with livestock consistent with sound land use.
3. Balance farm with factory.
4. Balance scientific production of high-quality products with scientific marketing, including grading, processing, packing and adequate transportation with out trade barriers.
5. Utilize and develop all natural resources in keeping with wise conservation policies.
6. Provide adequate educational opportunities at all levels, and institute educational programs designed to aid in solving the persistent problems of our people.
7. Encourage thrift, home-ownership and local investment.
8. Beautify homes, communities, highways, and public grounds, parks and playgrounds.
9. Raise present average living standards by improving housing facilities, health conditions, and other essentials of human welfare.
10. Balance economic gains with

gains in culture and moral values.

Governor Dixon pledged his administration to the Alabama program, stating that "problems of the South cannot be solved solely by attacking outside discriminations set up against us. The 10-Year program is one established to bring about gradual improvements in all the many phases of activity that bring about our better living."

Industrialist Comer said, "We're making progress in this State, but we have only \$28 for each school child a year. A survey shows that farm hands get 90 cents a day, without board.

That 300,000 young Alabamians left the State during the decade, because there was no place in our cotton economy for their brains.

"If our Southern farmers can buy a trace-chain made South of Pittsburgh or an axe made south of Wheeling, W. Va., I don't know it. If we can change 90-cent agricultural workers into \$3.00 a day factory workers, we can go a long way toward bringing about a balanced prosperity. We shall endeavor to blunt-print our needs and then see how we can go about to meet these needs."

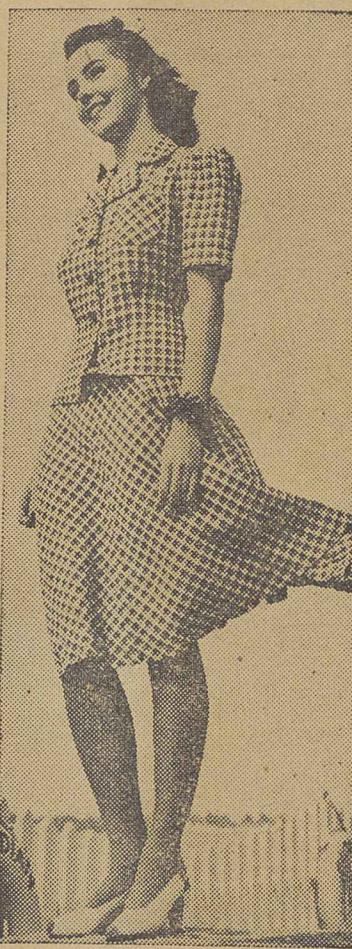

State organizations of the CIO and AFL joined to pledge labor's aid toward the plan, and other support came from many civic and the State organizations.

Facts Given On Side-Dressing Corn

Q. On land that was well fertilized last year, how should corn be fertilized?
A. It should be side-dressed with nitrogen when about knee high.
Q. How much nitrogen should be used?
A. Up to 36 pounds, which can be obtained by using 225 pounds

of nitrate of Soda or the equivalent.
Q. Should corn, after a good crop of winter legumes, be side-dressed?
A. No. A good crop of winter legumes adds sufficient nitrogen.

New Seersucker

Ten Per Cent Of Alabama Dairy Cows Unprofitable

Auburn, Alabama—Somebody has said that if the lowest producers were stolen, it would be a good thing if one dairy cow out of every ten were taken.

"That may be putting it strongly, but it is a fact that more than 10 per cent of the cows that are being milked in Alabama would have a hard time proving that they are worth their feed, much less shelter and time required to take care of them," says F. W. Burns, extension livestock specialist.

"A farmer who pastures, feeds, and milks a cow producing less than 200 pounds of butterfat per year is working for the exercise and paying good money for the privilege," he says.

"Looking at the returns of a profitable cow, one producing 350 pounds of butter fat, her feed cost amounted to \$57, while the income over feed reached the gratifying sum of \$83. It is not hard to see why we call this a profitable animal."

"One of the greatest needs in dairying to day in Alabama is the more general distribution of pure-bred dairy sires so that farmers who have milch cows for home use or for commercial purposes will have a good bull available."

Outbreak Of Hog Cholera Expected During This Year

Auburn, Alabama—A triple threat to farmers' profits this year from new and widespread outbreaks of hog cholera is expected by livestock health authorities.

In a warning issued by Dr. I. S. McAdory, Dean of the A. P. I. School of Veterinary Medicine, three potential causes of heavier losses were cited.

A 25 per cent increase in the number of cholera outbreaks last

season, directly on the heels of a 39 per cent increase the year before.

A larger 1940 pig crop, meaning potential carriers of the disease.

Increased movements of swine from farm to farm, state to state, which may mean wider and faster spreading of the cholera virus.

At the first signs resembling the cholera, farmers should get in contact immediately with their county agent or local veterinarian. "Cholera is generally indicated by fever, lack of appetite, a tendency on the part of the hogs to pile up, and sometimes a partial paralysis or unsteady gait. The only bar against the disease is vaccination before the outbreak occurs. Vaccination, however, should be done when the hogs are in proper condition to receive the treatment.

Cholera outbreaks are already occurring in some areas, and are expected to increase from now on in the summer.

Form Of Phosphate Changed Under A.A.A.

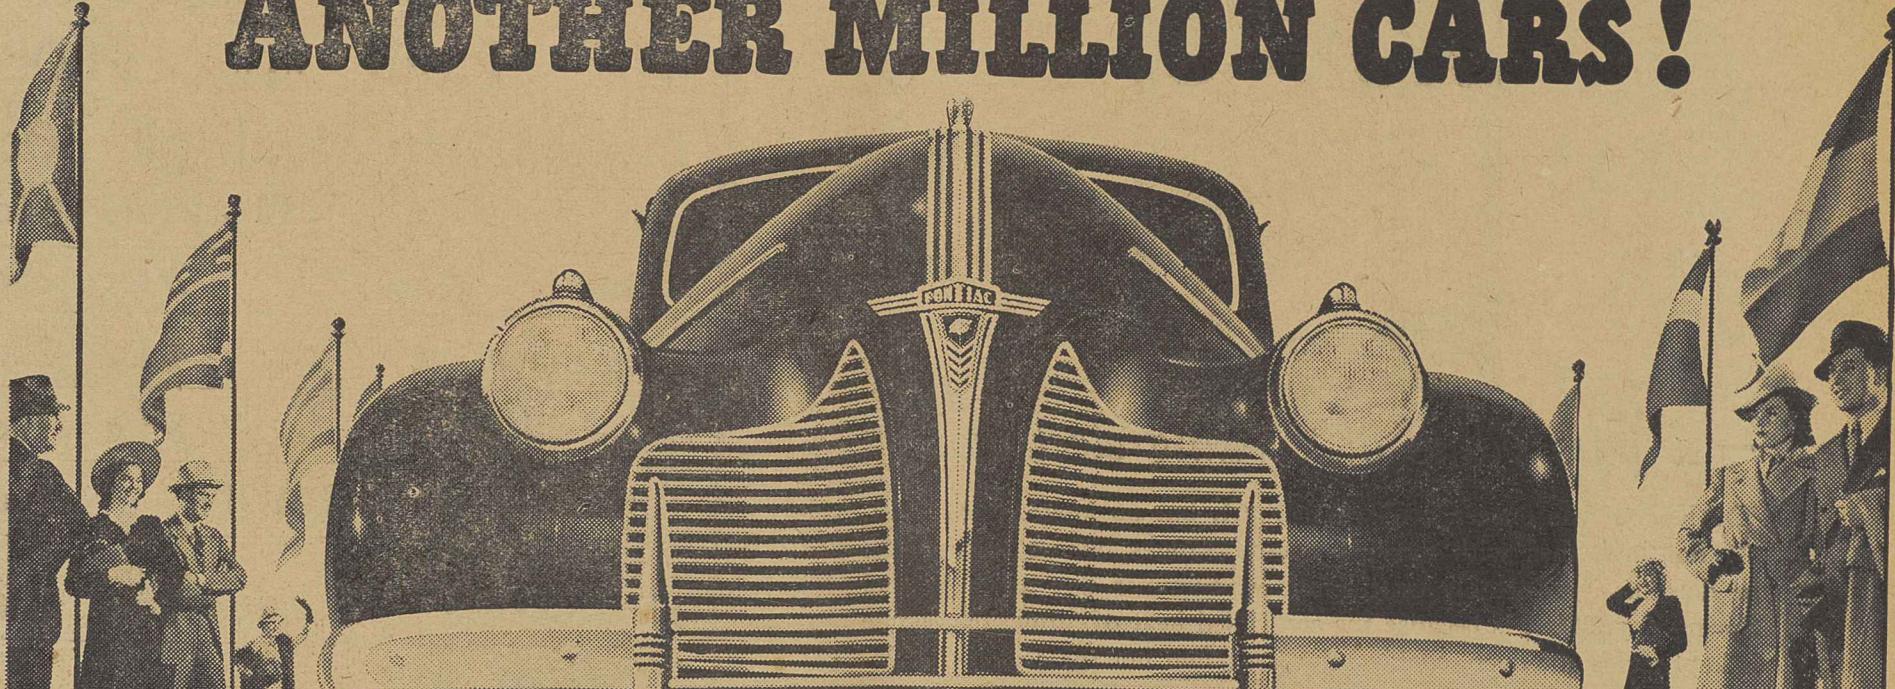

A. W. Jones, administrative officer of the triple A in Alabama, announced this week that 20 per cent super-phosphate had replaced triple super-phosphate under the AAA grant-of-aid plan.

Alabama farmers can make application for the 20 per cent, super-phosphate through the county AAA office just the same as for the triple super phosphate, Jones said, adding that \$14.60 per ton delivered at the railroad station would be the deduction from the farmers' AAA payments for the material.

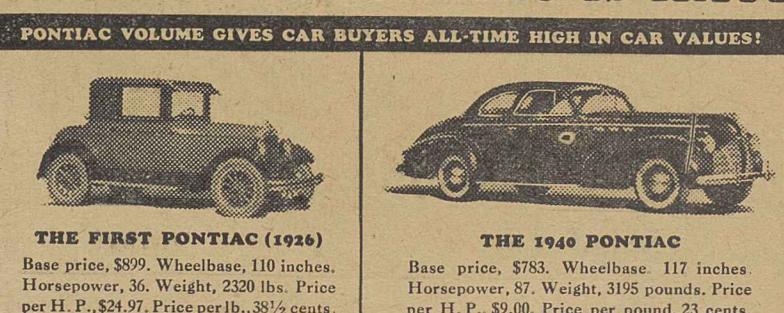

Farmers who have already made application for triple super-phosphate may expect the equivalent in 20 per cent super-phosphate, considering that 2.4 tons of the 20 per cent is equal to one ton of the super-phosphate.

Alabama's representatives to the National 4-H club encampment will leave next week to spend June 15-21 in Washington D. C. They are Fred Summers, Elmore County; Russell Scott, Mobile County; Blanche Bachelor, Escambia County; and Virginia Heaton, Butler County.

Cancer Increases In Recent Years

In recent years there has been a decided apparent increase in the number of cases of and the number of deaths due to cancer.

Whether this is due to the fact that more people live to reach the cancer age or due to improved methods of diagnosis or due to actual increase in the prevalence of the disease, is not definitely known.

Some statisticians state that one person out of every 10 die of cancer.

In Shelby County last year out of a total of 246 deaths from all causes, 13 were attributed to cancer—a ratio of one in nine.

The exact cause or causes of cancer are now known.

It is known that chronic irritation is a cause. This may be a rubbing of the tongue by a jagged tooth; irritation of the lip in pipe smokers; pressure on a mole by a tight shoe, etc.

Early cancer is curable. At the beginning the disease is localized but if neglected will soon spread to other parts of the body.

While it is still localized it may be successfully treated by surgery, x-ray or Radium or a combination of these.

To avoid the danger of a cancer everyone should have a thorough

kitchen coolness

— a plus value of cooking electrically *

BAKING was once a cool-weather art, but no longer. At least, not in homes with modern electric ranges, where baking can be done as comfortably on the hottest Summer day as on a cool Spring day. That is because the controlled heat of an electric range is kept inside the oven, cooking the food, and not the cook!

Ask about this *plus value* of cooking electrically the next time you are in one of our stores. A small down payment places an automatic electric range in your kitchen—dresses it up—makes it more modern. Balance may be paid in small amounts over a period of months.

*Electric water heating, too!

IT'S TRUE!

By Wiley Padan

NEW YORK, N. Y.—"IT'S TRUE!"—that of the gifts that Bonita Granville received on her seventeenth birthday, the most prized of all was the one given her by Eddie Cantor, with whom she appears in Metro-Goldwyn-Mayer's "The Story of FORTY LITTLE MOTHERS," says Wiley Padan.

"It was a leatherbound script of the scene that Cantor played with her father, 'Bunny' Granville, in the 'Ziegfeld Follies' of 1916 . . .

"When Cantor was just starting in show business, Bonita's father was a star, and encouraged and helped him. The two later worked in the same shows and formed a close friendship . . .

"Another interesting fact about the new Eddie Cantor picture is one of the sets . . . One of the most famous Colonial homes of American history and one of the best examples of Georgian architecture in the United States, the Tulip Hill home built in Maryland in 1745 by Samuel Galloway, was reproduced on a Metro-Goldwyn-Mayer sound stage."

Clanton Considered For Flying-Cadet Training Center

Montgomery, Alabama—Another flying-cadet training center for Alabama, a War Department unit similar to the primary instruction school at Tuscaloosa, is being sought by the State Aviation Commission.

The Alabama Institute of Aeronautics, now instructing 320 primary trainees annually at Tuscaloosa, has been authorized by the Federal Government to enlarge its facilities there threefold and to establish an additional 320-cadet center elsewhere.

The commission is considering Clanton as a location for the new base, according to Asa Rountree, State Air Fields Director, who said that the Chilton County commission has agreed to buy additional acreage at the Clanton airport, and the City of Clanton has consented to extend water and sewage accommodations to the center.

At Tuscaloosa the air school, under the present arrangement, accepts 40 primary cadets every 6 weeks for 12 weeks of training keeping constant enrollment at 80. After 65 hours of flight training and 225 hours of ground instruction, the student is transferred to Randolph Field, Texas.

The Tuscaloosa unit is the only such training center in the Southeast, and one of the 9 in the U. S. With the Air Corps' conversion on September 1st., of Maxwell Field into a primary-training, flying school and the taking over a month after that date of the Montgomery Municipal airport by the War Department, for a secondary school, Alabama can boast of a cadet flying-base comparable to that of the Randolph-Kelly Field unit at San Antonio.

Young People's Assembly Set New Record Here Last Week

One of the finest assemblies ever held in attendance and work was the one held at Alabama College the past week. Five hundred and twenty one full time persons registered for the assigned work. Credits were issued to five hundred and sixteen people which was the largest number ever issued at any one time.

Dean T. H. Napier of Alabama College opened the assembly, Thursday evening, May 30, with a welcome address to those attending. Dr. Hornell Hart of the Duke University in Durham, N. C., was on the campus Thursday and Friday. He gave a most interesting and inspiring talk to the group Friday. The Sunday morning services were presided over by Rev. O. W. Moerner of the General Board of Christian Education of Nashville, Tenn.

The assembly united with the Methodist Church of this town for the regular morning sermon with Rev. J. M. Shores preaching.

The vespers services were held each evening in the College theatre with Rev. George Wesley Jones, president of the Virginia Conference Methodist Young Peoples' organization.

Another fine feature of the assembly was the address Monday morning by J. S. Eddins, minister of the Gadsden Eleventh Street Methodist Church.

A very effective peace drama, "Things that are Ceasar's" was presented Tuesday evening under the direction of Miss Margaret Lipscomb. Dr. Harrell Hutson of Birmingham Southern conducted the Bible study each morning.

The music for the assembly was under the direction of Dr. Raymond Anderson of Birmingham Southern with Mrs. T. H. Ferrell of Birmingham as organist.

The new officers elected for the North Alabama Conference Youth Organization are: Charles Turner, of Bessemer, president; T. L. McDonal Jr., of Jasper, vice-president; Miss Jane Doran of Homewood, secretary; Charles Dean, of Birmingham, treasurer; Bishop Holliman, of Irondale the publicity superintendent.

The five hundred and eighty six including faculty, staff and students wish to thank the town of Monte- vallo and Alabama College for the hospitality shown them during the assembly.

Mrs. Edith Corothers, and Mrs. B. B. Curry visited relatives in Selma Wednesday and Wednesday night.

Mrs. Moreland visited in Birmingham this week end.

Mrs. Eloise Terrell and baby of Booton is spending a few days with her mother Mrs. Charlie Blocker.

Miss Johnnie Sanders who has been visiting in Selma has returned home.

ONE-MAN MOVIE

Robert Benchley, in his latest screen lecture for Metro-Goldwyn-Mayer depicts the plight of an amateur movie maker who attempts to write, direct, produce, photograph and star in his own film. This jumbled mass of celluloid is the result of his efforts. Basil Wrangell directed and Jack Chertok produced.

Miss Nina Lee Smith, above, is state president of the Future Homemakers of Alabama, who are this week holding their annual convention at Alabama College.

B'ham-Southern Offers Scholarships

Birmingham, Alabama—The 1940 Phi Beta Kappa Scholarship Committee at Birmingham-Southern College is composed of Dr. Leon F. Sensabough, Miss Marion Crawford and Dr. E. V. Jones.

This committee, representing the Birmingham-Southern chapter of the famed national scholarship body, will conduct the annual test given at the College June 28. The tests are open to all high school students.

Those who wish to participate in the tests should file application with this committee before midnight, June 22.

Boys and girls who can qualify for entrance to Birmingham-Southern and who have not attended college are eligible to take the tests.

The college will entertain all contestants at a luncheon the day of the test and will furnish all necessary writing materials for those participating.

Dormitory space for men will be available June 27-28 without charge. Those wishing these accommodations should apply in advance to the college.

The annual tests are designed to reward interest and attainments in scholarship.

Three scholarships will be given students from high schools in Jefferson County and three other awards will go to students from the high schools outside Jefferson County.

The two students winning top honors will be given \$800 scholarships for use over a four-year period for tuition and fees. Second place winners will receive \$400 awards and third place winners \$200 awards.

Several hundred boys and girls took part in the test last year.

In addition to the scholarship grants the college awards honor scrolls to the winning students and to the high school from which they came.

Forest Fires

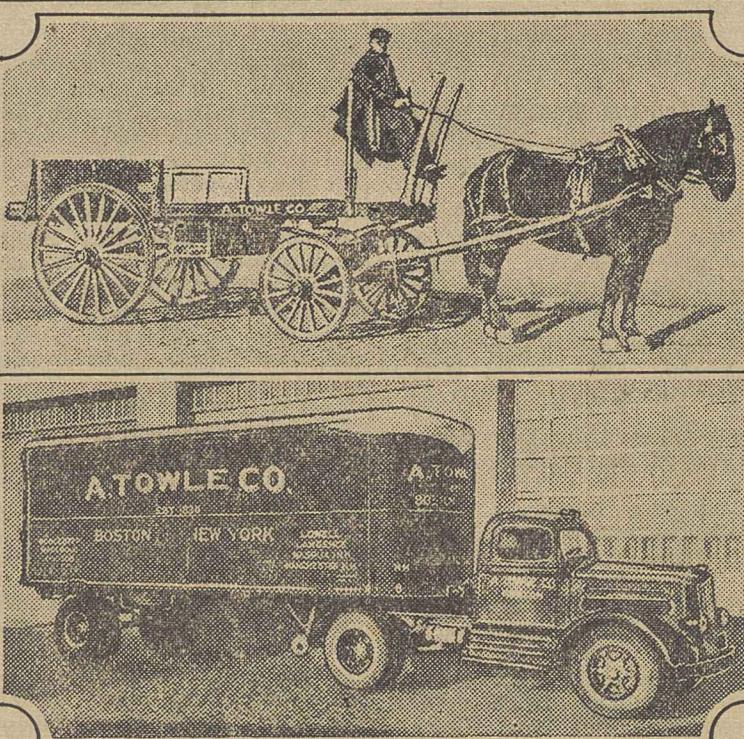

(Continued from page 1) turkey are burnt up, and acorns when burnt turn sour and will kill turkey, deer and other wild game. Five deer in the West Jefferson game reserve died in 1938 from eating sour acorns, it has been reported.

7. Ashes when washed into streams flowing from burnt woods will destroy the fish, or run them off, and for the reason fish always crowd around the inflowing water from land for worms. The lye runs them off, or kills them.

Mr. Shaddix stated that the campaign was planned for a ten year period, and in the work requests the co-operation of every citizen in helping keep the southern areas free of fires for the benefit of the generations to come, who will have no timber or game, unless something is done.

Mr. Walter Campbell of California is visiting relatives in Wilton.

TRANSPORTATION PROGRESS

FIFTY years of transportation progress is illustrated here. The contrast between these two illustrations shows the vast difference between what a transportation company had to offer in the early days of the "gay 90's" and what the same company provides today.

These pictures were shown at the celebration of the hundredth anniversary of a New England transportation company held recently. Old Dobbin and his wagon were confined quite closely to the City of Boston in the operations at that time. Today the modern Fruehauf full automatic trailer equipment makes prompt deliveries throughout New England, New York, New Jersey and Pennsylvania. This service helps business by reducing inventories and the cost of delivery.

This year Alabama has more than 170 one-variety cotton communities where farmers planted improved varieties of cotton and will have the staple ginned separately from inferior staple grades.

More than 6,000 pounds of white clover seed were saved in Madison County in 1939, reported J. C. Lowery, extension agronomist, in advising Alabama farmers to save their own white clover seed.

Reading And Speech Will Be Topics of Study

Mechanical Aids to Teaching Will Be Used By Leaders In Speech Work

As a special feature of summer school at Alabama College, the First Annual Conference on reading and speech problems will be held on the campus June 17-21. The Conference is designed for teachers and administrators of elementary schools, high schools, and colleges in Alabama and adjoining states.

The purpose of this Conference on Reading and Speech Problems is to acquaint members of the teaching profession with the more recent developments in these fields. Daniel D. Howard, Director of the Reading Clinic at Gulf Coast Military Academy, Gulfport, Mississippi, will be director of the Conference. J. H. Henning, Director of the Speech Clinic, Alabama College, will have an active part in the Conference, speaking on such subjects as "Defective Speech—A Social Liability," "Remedial Speech Activities for the Classroom," and "Methods of Diagnosing Speech Defects."

The morning and afternoon sessions of the conference will be devoted to lectures by authorities on the teaching of reading and speech; demonstrations of clinical and classroom methods for the diagnosis and remediation of reading and speech defects; laboratory practice in the use of the most recent types of instrumentation and informative discussions of controversial issues and of individual problems.

Such instruments as the Metronoscope, the Ophthalmograph, the Keystone Ophthalmic Telebinoculars, the Audiometer, the Flash meter, and speech recording apparatus will be demonstrated in the laboratory, and their value in teaching reading and speech will be explained to the Conference.

Conference leaders are: Miss Lela Wade Rice, First Grade Supervisor, Alabama College; Dr. J. I. Riddle, Department of Education, Alabama College; Dr. Ullin W. Leavel, Professor of Education, George Peabody College for Teachers, Nashville, Tennessee; Miss Olivia Lawson, Associate in Education, Alabama College; Miss Annie Mae Paulk, Assistant to Mr. Henning.

Partlow Asks For United Effort In National Defense

Mr. W. D. (Billy) Partlow, unsuccessful opponent of Pete Jarman, in the recent campaign for Congress, has released to the newspapers of the Sixth District, a statement expressing his gratitude to the many friends who supported him.

"To those who opposed me I hold nothing but the most cordial feeling," he said.

Mr. Partlow calls upon his supporters to support our present Congressman during the next two years, to co-operate in building up a strong national defense.

The complete statement of Mr. Partlow is as follows:

"My Friends, from returns that have come in, it is indicated that the people of the Sixth District do not wish to change Congressmen at this time. We have endeavored to place the issues and problems of our District before you in this campaign, and I hope that we have accomplished some good in bringing these to your attention.

"To the many friends in Shelby County and throughout the District who have supported me in this undertaking, I express my heartfelt thanks and gratitude. To those of you who have opposed me in this (Continued on back page)

Attendance At F. H. A. Meeting Reaches 255 Girls

Two hundred and fifty-five members of the Future Homemakers Association were in attendance at the sixth annual meeting which met on Alabama College campus June 6, 7, and 8. This is the largest attendance at any meeting of the association in the six years of its history, which indicates growth in interest and results.

The members participated in interesting programs, committee meetings, study groups, and various types of recreation.

Dr. A. F. Harman, president of Alabama College, and Miss Katherine Forney, state supervisor of home economics education, greeted the group. Mr. R. E. Cammack, state supervisor of agriculture education, spoke to the group on "F. H. A. and F. F. A. Members in an Alabama Farm and Home Program." Dean T. H. Napier, of Alabama College, spoke on "Alabama Youth in Our State's Welfare."

An officers training course was offered for those girls attending

Jarman Thanks Shelby Voters

To My Friends In Shelby County: I am grateful for the fine support with which the good people of Shelby County so kindly favored me in both primaries and hasten to express to each of you my deep heartfelt appreciation.

Shelby was my 5th best county and when all the circumstances are considered our victory was a fine one indeed and every one who contributed toward it has reason to be very proud.

It is with pride, which I hope is pardonable, that I express the opinion that I have heretofore made you a good Congressman. Be assured of my best efforts to always remain worthy of the confidence of the thousands of my friends who have so graciously supported me. Toward this end I solicit the wholehearted cooperation of every citizen of the Sixth District.

When you read this I shall be on the job in Washington where I would have been constantly heretofore but for this campaign.

Be assured of my best efforts during these trying times and always.

Sincerely Yours,
Pete Jarman

who will be officers of local chapters next year. Some time was devoted to the study of the following phases of programs in the local chapter of the association: F. H. A. programs, money-making ideas; F. H. A. projects, joint activities with F. F. A., socials, and newsletter reports. The recreational part of the meeting included a moving picture, picnic, swimming in the college pool, ping-pong, and "F. H. A. Frivolities," stunt night.

Ninety-nine members of the association were initiated into the state degree by an impressive ceremony. This is the highest degree which can be attained. It represents high accomplishment in personal living and in homemaking and community activities.

Mrs. G. K. Ward and Juanita Holder spent the week-end with the former's daughter, Miss Margaret Ward, in Birmingham.

Reading and Speech Conference
The first annual conference on reading and speech problems for teachers and administrators of elementary schools, high schools, and colleges will be held June 17 to 21.

The first term of summer school began Monday of this week and will end July 17. The second term begins July 18 and ends August 19.

The student career conference will be held June 26-29. Miss Rochelle Rodd Gachet is director. The conference leader is Miss Helen Shell.

The Alabama Writers Conclave will be held June 19-22. This event annually brings to Montevallo many of the leading literary figures of our state.

The second term of summer school is featured by the school of instruction for vocational home economics teachers. The dates are July 22 to August 9. Home economics teachers from every part of Alabama will be in attendance.

ANNUAL RECEPTION FOR SUMMER SCHOOL

The annual reception for faculty and summer school students of Alabama College will be held Friday evening of this week at 8:30 o'clock in front of Main Dormitory.

Everyone is cordially invited to attend.

Public Forum Disc Featured By Summer Session

Red Cross Drive Meets Splendid Response

"Democracy vs. Totalitarianism" Is Subject of First Meeting In Wednesday Night Series

On Wednesday night of this week a series of discussions called the Alabama College Public Forum was begun in Comer Lecture Hall when Dr. Erwin T. Sanders, of the Sociology Department, led a discussion on the subject "Democracy vs. Totalitarianism." The public forum is to be a special feature of the first term of the Alabama College Summer School, according to an announcement by Dr. M. L. Orr, director of the summer school.

Each Wednesday night a new topic will be examined, and at each session a leader chosen for that session will state briefly what the discussion topic is and make some introductory remarks which will set the stage for general discussion in which everyone present will be invited to take part.

The public forums are open to everyone.

Next Wednesday night Dr. Gordon McCloskey will lead a discussion of "Economic Implications for the United States of the Present World Situation." Such questions as our foreign markets, armament expenditures and the possibilities of (Continued on back page)

New Chevrolet Business Begins Operation Here

Mr. J. P. Webb, formerly of Demopolis, has moved to Montevallo. He is manager of the newly organized Montevallo Motor Company, local Chevrolet dealers. Associated with Mr. Webb in the ownership of the new business are J. M. and W. J. Rogers who, operate the Progressive Chevrolet Co. at Marion. They are among the oldest Chevrolet dealers in the state, having been in business there for 16 years.

The Montevallo Motor Co. has bought the Reid Motor Co. Building on the main street, and will occupy the same just as soon as it can be vacated by Wooten Motor Co., present occupants.

Mr. Webb has already begun operation of his business here, principally selling used cars from the lot at the rear of the Reid building. "When we get possession of our building," said Mr. Webb, "we will feature a full line of new Chevrolets. Also we will have a complete shop and expert mechanics for repair, rebuilding, reconditioning and servicing automobiles. We will carry a full line of Chevrolet parts, accessories, and equipment. In fact, we will be in position to offer the people of this territory every advantage that is in line with standard Chevrolet dealers' policy."

Mr. Gus Helmer has moved here from Centreville, and will be employed on the Chevrolet sales force.

Mr. Inzer Reid, recently with the Drennen Motor Car Co. in Bessemer has accepted a position with Mr. Webb on the sales force.

In a few days Mr. Webb hopes to be able to announce his formal opening, and to invite the public to visit them.

JARMAN TRACES LOSS OF CHILTON TO G. O. P. VOTE

Congressman P. B. Jarman, who was renominated in Tuesday's Democratic runoff primary in the Sixth District, charged yesterday that approximately 1,000 Republicans of Chilton County entered the primary and voted for his opponent, Billy Partlow, of Tuscaloosa. Mr. Jarman said he received a majority of the Chilton County votes in the May 7 primary over three opponents, but last Tuesday Partlow swept the county by about 700.

Lonnie Noogin of Gadsden, and Percy Pitts, Clanton attorney and member of the Legislature, were criticized sharply by Congressman Jarman as the chief Republican agents who induced so many of their party members to enter the primary. He said Noogin and Partlow have been warm personal friends for years.

"In view of the type of campaign against me, the election terminated about as I expected in Chilton County," said the Congressman in referring to the results of Tuesday's runoff. "For instance, my small county of Sumter, where 1,600 votes were polled gave me a larger majority than Tuscaloosa gave my opponent out of 8,100."

Mr. Jarman said he had been analyzing the Chilton County vote. "In the first primary I carried it by a majority over my three opponents. Although there was no local race to create interest this time, the vote was much larger. My investigation leads me to conclude positively that my opponent received only about 700 Democratic votes to my approximately 1,200, this was about what I expected."

"I find to my amazement," said Mr. Jarman, "that probably 1,000 Republicans entered Tuesday's primary and voted for my opponent. In view of Republican national committeeman and life long friend of the Partlow family Lon Noogin's very apparent prostitution of the recent University of Alabama alumni banquet over which he presided to the political interest of my opponent, after which I warned two Republican friends in Chilton that such an attempt might occur, I was not surprised to find there that Republicans entered at his behest."

Difficult though it be for me to believe, I am also told by numerous excellent people that my old friend school mate and fraternity brother, Percy Pitts, one of the two Republicans I warned, who is the only Republican member of the Legislature and a delegate to the Republican national convention, was Lon's chief agent in getting the Republicans into the primary to vote for Partlow.

Mr. Jarman said he has always entertained a high regard for the Republicans of Chilton County and respected their organization because he believed them to be acculturated by political principles. "Numbers of them," he added, "I have counted as my personal friends for years. While I have always visited these friends, solicited their good will, patronized the Republican newspaper with the same advertisement which I placed in the Democratic papers, I never dreamed that such a considerable number of them would cross the lines in the Democratic primary despite Percy's suggestion several months ago that he would prevail on some hundreds of them to do so and vote for me which I did not take seriously."

"It seems to be common knowledge in Chilton, among Democrats and Republicans alike, that Partlow, either directly or through an accredited agent, promised the Republicans to go into Chilton County and help them defeat the Democratic

ticket in November. I shall naturally be doing my duty to the Democratic party by assisting it in every way possible."

Mr. Jarman left late yesterday for Tuscaloosa and will leave there today for Washington, D. C.—Montgomery Advertiser.

Shelby County Girls Attend F.H.A. Meet

The following high school girls from Shelby County, members of the Future Home Makers of America, attended the statewide Future Homemakers meeting June 6-8, on the campus of Alabama College: Rebecca Grady, Mary Sue Lee, Dorothy Warren, Bessie Warren.

The Future Homemakers Association is a local and state organization for high school girls in vocational home economics. The purpose of the organization is to encourage members to make better use of homemaking training in their personal development and in their home and community life.

Among the speakers on the program enjoyed by the girls at Alabama College were: President A. F. Harman; Dean T. H. Napier; R. E. Cammack, state supervisor of Agricultural education; Miss Kathrine Forney, state supervisor of home economics education; and several members of the Alabama College faculty.

Besides a moving picture for the Future Homemakers, the girls enjoyed swimming in the College pool, tennis on the College courts and a stunt night entitled, "F. H. A. Frolivities."

Fairfield Masons To Give Barbecue

A broadside invitation is extended to the people throughout Alabama to attend a barbecue at the City Park in Fairfield June 22, according to a statement by Joseph J. Trucks, publicity chairman of the Fairfield Masonic Club, sponsors of the occasion.

The statement of Mr. Trucks says: "The Masonic Club is sponsoring a barbecue to be held in our City Park at Fairfield, June 22. The net profit of this barbecue will go to equip the kitchen at our Masonic Orphans Home in Montgomery.

We have sent each Masonic Lodge in Shelby County ten or twenty tickets to be disposed of by the members. This being a most worthy cause, we are assured that every Mason will cooperate with us in impressing this invitation upon people generally throughout the state.

The equipment we anticipate placing at the Masonic Orphans Home will cost about \$3,500.

We have arranged for outstanding speakers on this occasion, in addition to providing other proper and suitable means for the entertainment of the large number of visitors we expect.

Even if you do not happen to secure an advance ticket through a Mason, you may go to the picnic just the same and secure a ticket on the grounds. In doing so you will receive a full measure of the hospitality for which Fairfield people are noted; you will have a good time, and you will be aiding in a most worthy cause."

Miss Mildred Romansky of Connecticut is a member of the Demonstration School Staff again this summer. We are delighted to have her.

Mr. and Mrs. Waverly Owens, of Fairfield, were guests of Mr. and Mrs. Murray W. Fancher, Tuesday.

SCREW WORMS FOUND IN DALLAS COUNTY

Auburn, Ala.—Despite the severe winter, screw worms already have been reported in Dallas County, reports Dr. R. S. Sugg, livestock specialist of the state extension service.

"It would be well for farmers to keep on hand 90 per cent benzol and pine tar oil and immediately treat any cases found," he advises.

Particular attention should be paid to pigs and lambs and calves that recently have been castrated or dehorned and to farrowing sows and calving cows, he says. Such animals should be examined daily and pine tar oil applied as repellent.

RITES FOR MRS. GIST HELD SUNDAY AFTERNOON

Final tribute was paid to Mrs. Minnie J. Gist, wife of Frank W. Gist, economist in the state department of agriculture and industries, at service Sunday at the First Presbyterian Church, in Montgomery.

The Rev. Dr. Donald C. MacGuire officiated at the funeral at 1:30 p. m. The body was brought to Calera for burial, White Chapel directing.

She died Friday afternoon at the residence following a lengthy illness. Mrs. Gist was a member of the First Presbyterian Church.

Surviving are her husband, one son, E. H. Hardy, by a previous marriage, of Virginia, and two daughters, Mrs. George English, Atlanta, and Mrs. Pearl Hill, Montgomery.

Pallbearers were J. C. Garrett, William B. Griffin, E. Peter Smith, J. H. Hale, J. F. Marsh and F. P. Huggins.

Calera had a pair of twins in the convention in Birmingham, the McKibbons, Fay and May.

Southeast Alabama farmers will visit the Wiregrass Experiment Station at Headland, July 9-12 to study wise land use, farm income, farm supervision, cropping system, hog production, and production of corn, cotton, peanuts, oats and winter legumes.

Kudzu should not be cut too often. It is probably best to cut it in the summer and again in the late fall before frost.

THREE MONTHS INCOME TOTALS \$22,712,000

Auburn, Ala.—Alabama farmers received a total cash income of \$13,366,000 — from crops \$6,984,000 and from livestock and livestock products \$6,382,000, during the first three months this year, reports John Liles, economist of the state extension service.

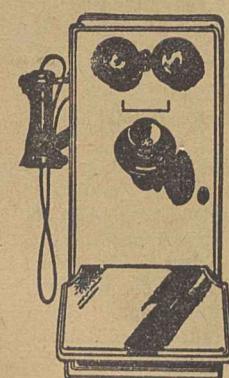

Government payments to state farmers totaled \$9,346,000 making total of \$22,712,000 received from marketings and Government payments," he says.

Income from the sale of livestock and livestock products for the first three months was less this year than for the same periods the past four years where crops have picked up over 1939.

Cheese making is on the increase in Alabama with seven cheese plants located at Ardmore, Decatur, Boaz, Montgomery, Uniontown, Safford and Demopolis. Six plants make cheddar cheese and the other specializes in cottage cheese.

Water is reported low in wells in North Alabama as it usually is during the Fall of the year. Farmers are seeking the reason for this.

Proposed Law To Benefit 20 Shelby County Postmasters

Postmaster R. E. Bowdon, Jr., county director of the National Association of Postmasters, states that his association in sponsoring a bill which would benefit 20 postmasters in fourth-class offices in Shelby County.

If the legislation which is now before Congress passes during this session, it will increase the salary of postmasters who are now in charge of fourth class offices.

The present system of paying fourth class postmasters according to the stamps canceled in their offices would be eliminated, and the pay would be based upon the receipts of the postoffice as it is practiced in offices with larger rating, proponents of the legislation explained.

There are 29,514 postmasters of fourth class offices throughout the country which are sometimes referred to as "corner grocery store postoffices." This proposed legislation would slightly increase the amount of salaries paid to such postmasters but it is not looked upon as a salary increasing measure.

At the present time there are 5,000 of these postmasters who receive less than \$150 per year for their services.

Postmaster Bowdon further states the proposed bill is to simplify the method of accounting and one that the postmasters of this class have urged Congress to favorably consider for the past 50 years.

Twenty, fourth class postmasters in Shelby County who would benefit by legislation are as follows:

Wilton, Mamie Gunlock; Aldrich, Emmet Shaw; Underwood, Gertrude Kirkley; Maylene, Ester Lacey; Boothton, Anna Nabors; Bamford, Mrs. A. W. Thomas; Helena, Joe Powell; Pelham, Mary McGuire; Keystone, L. G. Butler; Saginaw, Alice Wpatt; Shelby, Leona Curley; Harpersville, Duncan, Kimbrough; Chelsea, Blackerby; Westover, Nelson Archer; Calcis, H. R. Justice; Sterrett, Beulah White; Vandiver, Sam Perry; Dunnivant, Camilla, Holiday; Newala, Julia Hardy; Straven.

Business Women to Meet at Big Springs

Montevallo Business and Professional Women's Club will hold the regular June meeting, on Monday, June 17th at Big Springs. This meeting will be transferred to the home of Mrs. Roy Hicks if the weather is inclement.

This meeting will be both business and social, with a picnic supper served at six p. m.

A full attendance is urged since there are a number of important issues to be considered, among others use Bill No. 933 a pending legislation relative to child labor.

Mr. E. P. Hood has gone to Columbia, Ohio, where he will attend the University of Ohio this summer.

Conference To Study Mechanical Aids To Speech Teaching

"Ophthalmographs, metronoscope, and audiometer" are but a few of the jaw-breaking words which will be bandied about among Alabama's leading educators when they meet at Alabama College June 17-21 for the first annual conference on reading and speech problems. Not as bad as they sound, these words are merely the name of some of the mechanical aids now used in teaching reading and speech.

This conference—a feature of the Summer School directed by Dr. M. L. Orr, will attract educators from grade schools, high schools, and colleges of this and adjoining states, where, for five days they will be given intensive instruction in the most recent developments in teaching these two subjects. A specialist in reading, D. M. Howard and three assistants, will be in charge of the reading phase of the Conference.

Pro. J. H. Henning, member of the Alabama College faculty, a specialist in speech diagnosis and correction, will direct the speech work of this five days. This will consist of demonstrations of remedial procedure in the classrooms; strated; and the explanation and voice records explained and demonstration of the records.

Children in the Demonstration Schools of the Alabama College Education Department will be used in the demonstration work. A week of intensive study will be devoted to the latest methods and techniques of teaching reading on both the elementary and high school levels.

BOY SCOUTS

Thursday afternoon several of the Wilton Scouts worked on the swimming merit badge with Mr. James Woolley as instructor. At the scout meeting Friday night the Wilton boys planned the winning patrol's picnic. The scouts will go to the caves in Bibb County Sunday.

During the meeting the boys cooked hamburgers. Mr. J. H. Splawn explained plans for the troop to attend the Council Jamboree at Harris Lake July 21.

The Montevallo scouts met Monday night to discuss reorganization. Due to the fact that only a few of the scouts were present it was impossible to make any definite plans.

The boys decided to give a subscription to Boys Life to each member of the troop.

Red Cross Drive Successful Here

The American Red Cross Special European Relief Fund quota for Shelby County was originally set for \$400.00. Under the sponsorship of the Montevallo Business and Professional Women's Club, a considerable amount above this has been raised.

A club committee, under the chairmanship of Mrs. Bessie Merle Elliott, has already turned over to the Red Cross through Miss Myrtle Brooke, a check for \$358.00, out of which \$25.00 was contributed by residents of Calera. The committee now has on hand an additional sum of \$66.00. This makes a total of \$424.50, with a number of unpaid pledges. The chairman asks that these promises be fulfilled as soon as possible so that this money may be put to work through the organized channels where it is so sorely needed at this crisis. Contributions may be made at any time to Mrs. Elliott, Mrs. Mahan, Miss Margaret Evans, Mrs. Lena Jeter, or to any member of the Montevallo Business and Professional Women's Club.

Alabama farmers already have saved large quantities of white clover, crimson clover and vetch seed and indications are that others will be harvested soon.

Farm People To Hear Talks By National Farm Leaders

Elaborate plans are being made for Farm and Home Week in Auburn August 5-8, announces P. O. Davis, director, Alabama Extension Service.

Principal addresses scheduled for the week include one by Gov. Frank Dixon, Monday night, August 5; Edward A. O'Neal, president, American Farm Bureau Federation, Tuesday morning, August 6; Secretary Wallace on "The Place of American Agriculture Today," Wednesday, August 7; Senator John H. Bankhead and M. L. Wilson, director, United States Extension Service, Wednesday afternoon, August 7, and Senator Lester Hill, Thursday afternoon, August 8.

Alabama's master farm families will be honored Thursday. Awards will be presented new master farm families selected by the Alabama Extension Service and Progressive Ruralist magazine this year.

Annual meeting of the Alabama Council of Home Demonstration Clubs will be held during the afternoon August 6, with Mrs. C. T. Butler, president presiding.

From 8 to 10 a. m. each morning will be devoted to sectional meetings and discussions on livestock, dairying, poultry, pasture, crops, horticulture, forestry, agricultural engineering and landscaping.

Group singing, special music and recreation will feature each morning program. A mattress demonstration and all purpose cotton dress review will be held Thursday evening, August 8.

Miss Virginia Evans is confined to her home as a result of injuries sustained in a fall Tuesday. As she arose from the breakfast table her foot slipped throwing her to the floor on her face. Dr. Reid was called to attend her and reported that her chin was badly cut. Miss Evans is employed in the business office of Alabama College.

Mrs. Josephine Waller and children and Mrs. Stoddard returned Sunday from Perdido Beach, after a visit there.

Public Forums

domestic and foreign exchange will be examined.

Subsequently discussion topics and their leaders include; Foreign Policy of the United States, Dr. Hallie Farmer; The Defense Policy of the United States, Charles G. Dobbins; Propaganda in the United States, Dr. Anne L. Eastman.

This series will be concluded July 17 when Dr. M. L. Orr leads a general discussion centering around the subject "A Program for America in These Days."

The purpose of these forums is to stimulate a thoughtful consideration by this audience of questions which are of vital importance to the United States. Speakers will attempt to bring out all phases of controversial subjects.

To promote clarity each speaker will be expected to define any of the following words which he uses:

Americanism, Democracy, Fascism, Communism, and Imperialism.

In addition any member of the audience may request the speaker to define any term he uses for which definition is desired.

The opening statement will be followed by a discussion in which all members of the audience are urged to participate.

"I call upon my supporters to support our present Congressman during the next two years in the tremendous responsibilities that are now thrust upon our representatives by international conditions. I call upon you all to co-operate in every way in the upbuilding of a strong national defense for this, our nation, for the expulsion of all subversive movements and Fifth Column activities; and for a gracious God to give us a strong and united front, one people, one nation and one purpose."

Mr. and Mrs. J. M. McClimans and son left Sunday for St. Louis, after a visit with Mr. and Mrs. M. L. Orr.

Applications For Mattresses Must Be In By June 30

Auburn, Ala.—All applications for cotton and ticking to be used in the state-wide cotton mattress making program must be in the state AAA office not later than June 30, announces A. W. Jones, AAA administrative officer.

Families wishing to apply for a mattress should do so immediately since many of the county offices have set closing dates earlier than June 30 to allow all applications to reach the state office by that date.

Now comes a report from Etna McGaugh, state home agent of the extension service, showing that 191,398 applications have been received to date from Alabama families and that 176,222 families have been certified. It is now estimated that 195,754 Alabama families will make applications before the closing date.

Latest reports show that more than 40,000 mattresses have been made in 57 counties and the work is making rapid progress with 9,194 in 2,624 organized communities giving their time to this work. Those leaders working with their home agents in promoting the program.

Alabama continues to lead the nation in mattress making. "This is due to the fact that local and community leaders have taken an interest in this work and gone forward with it," says P. O. Davis, director of the state extension service.

Mrs. Erwin Sanders left Tuesday for Rhode Island.

Cheese making is on the increase in Alabama with seven cheese plants located at Ardmore, Decatur, Boaz, Montgomery, Uniontown, Safford and Demopolis. Six plants make cheddar cheese and the other specializes in cottage cheese.

Water is reported low in wells in North Alabama as it usually is during the Fall of the year. Farmers are seeking the reason for this.

Students Will
Meet Here To
Discuss Careers

Girls Will Have Opportunities
For Individual Discussions of
Careers With Leaders

With advance registration exceeding that of any preceding year, Alabama College is preparing to play host next week to between 150 and 200 Alabama high school juniors and seniors at the Seventh Annual Student Career Conference. These girls, who, because of their high school records have been recommended by their principals, will spend three days discussing with trained women leaders the occupational outlook for young women in Alabama.

They will have a chance to discuss their individual problems with women trained in their particular field of interest.

The Student Career Conference this year has a new director in the person of Miss Rochelle R. Gachet, Director of the Vocational Advisory Service. To serve as Conference leader, Miss Gachet has invited Miss Helen Shell of Chicago. Miss Shell has advanced academic training and experience as a successful business woman, having directed for a number of years the clerical and stenographic departments of large Chicago manufacturers. At present she is on the executive staff of the Katherine Gibbs School, in charge of placement activities, and student counseling.

The women who will speak and preside at the round tables are women who have had successful experience in the occupation, and who can talk realistic terms. Many of these are drawn from the members of the Federation of Business and Professional Women's Clubs, the American Association of University Women, Altrusa, and Pilot Clubs.

One hundred fifty girls, in the order of registration, are offered the opportunity to take psychological test for general intelligence, personality adjustment, and vocational interest. These tests are scored and summarized by experts, and form the basis of counseling service.

Girls who take the test will be scheduled for an interview with a trained counselor who will discuss the girl's adaptability to various types of work as indicated by the results of the test.

Three general meetings will be held under the direction of the leader, Miss Shell. At the first two of these, scheduled for the afternoons.

Mrs. Harvey Jackson and sons Harvey Jr. and Bennie, of Jasper were the weekend guests of Mrs. Jackson's parents, Mr. and Mrs. W. L. Brown.

Mrs. Reese Woolley and son, Lee, spent Monday and Tuesday in Clanton with Mr. Woolley.

Man Held After
Shooting In Newala

Columbiana — Sheriff's deputies Saturday were holding W. S. Brady in Columbiana Jail while they investigated the fatal shooting of Jess Kirkpatrick, 48, who was shot shortly after noon Friday at Brady's residence at Newala, four miles east of Montevallo.

Deputies L. T. Bozeman and Jack White said Brady went to Calera immediately after the shooting and reported the shooting and reported to the sheriff. Brady declared, they said that he shot Kirkpatrick "in self-defense" after a quarrel.

Kirkpatrick was from Anniston, but had been living with his brother O. D. Kirkpatrick, who stayed with Brady, the deputies reported.

Kirkpatrick is survived by his wife, a son, J. D. Kirkpatrick, 3; six brothers and three sisters.

Public Discussions
Of Summer School
Attract Interest

The public forum discussions, scheduled as a feature of the Alabama College Summer School, have met with more than usual interest in the school and community.

The meetings scheduled for Comer lecture hall each Wednesday evening threaten to extend in attendance to a capacity that will demand a larger meeting place.

Two of the meetings have been held already. The second was last night when Dr. Gordon McCloskey led the discussion on Economic Implications for the United States of the Present World Situation. These questions were made a part of the discussion: (a) What about our foreign markets? (b) What about domestic armament expenditures? (c) What are the possibilities of domestic and foreign exchange?

Future meetings on the schedule are:

June 26: Foreign Policy of the United States. This discussion will be led by Dr. Hallie Farmer. (a) Should the United States help the allies win the war? (b) Should the United States oppose Japanese expansion in the Pacific?

July 2: The Defense Policy of the United States. The leader of this discussion is Mr. Charles Dobbins. (a) What shall we defend? (b) How shall we defend it?

July 10: Propaganda in the United States. Miss Eastman, leader, (a) To what types of propaganda are we subjected? (b) What should be our attitude toward propaganda?

July 17: A Program for Americans in These Days. Dr. M. L. Orr will lead a panel discussion on this subject.

Everybody is invited to attend these meetings. They will be on the given dates at 7 p. m.

STEP SINGING TONIGHT

Everyone is invited to attend Step Singing in front of Main Dormitory at 6:30 p. m. today (Thursday)

Surviving are five daughters: Mrs. Phillip Arnold, of Montevallo; Mrs. Exer Sims, of Birmingham; Mrs. J. C. Robertson, and Mrs. H. C. Sims, of Bessemer; Mrs. J. C. Garrett, of Calera; two sons, Robert Reynolds of Bessemer; and Albert Reynolds, of Jemison. He is also survived by two brothers and four sisters.

The funeral services were held Wednesday morning at 10 o'clock with burial in the Randal Cemetery near Montevallo.

Recommendations for Officers
And By-Laws Will Be Made
At the First Meeting

The Town Planning Committee, acting under instructions of the recent Town Planning Institute, met last Wednesday night and drafted tentative plans for the organization of the Montevallo Town Forum.

The suggestions of this committee, embodying a constitution and nominations of officers will be submitted to another general meeting to be held at the Baptist Church Tuesday night, June 25, at 8:00.

This meeting will be open to the public, wherein any and all interested citizens may take part. The organization committee especially seeks to have representatives present from all of the organized groups of the town. Notices have been given to officials of those groups, with the request that they arrange for representation at the meeting next Tuesday night.

The following persons will be recommended as officers of the Town Forum.

President, Dr. Gordon McCloskey; vice president, Mrs. F. P. Givhan; secretary, Miss Anne Eastman; treasurer, Rev. T. M. Davis.

The following will be recommended in the report of the committee as the constitution and by-laws.

Name

The name of this organization shall be the Town Forum of Montevallo.

Purpose

The purpose of this organization shall be to improve our town socially, economically, and governmentally, through the study of our common problems and through encouragement by participation in our town life.

Membership

Any citizen of our town may become a member of the Town Forum of Montevallo upon signing a membership card pledging active cooperation, and the payment of 25 cents annual dues.

Residents of rural areas may become affiliated members, and they shall not be required to pay dues.

There may be formed a Junior Town Forum, if proper interest is manifested to justify its creation.

Officers

The officers of this organization shall be a president, a vice president, a secretary, and a treasurer.

There shall be an advisory council composed of one member of each

THE TOWN FORUM

Next Tuesday night, June 25, is the time set for completing the organization of the Town Forum of Montevallo.

This movement is to be the outcome of the town planning institute which was sponsored by the Business and Professional Women's Club last spring. Mr. Morrison, you remember was here directing the institute. Of course, we remember.

The preliminary committee has drafted a constitution for the Forum and also has nominated officers. The report and recommendations of this committee will be presented to the meeting next Tuesday night.

The Times takes this opportunity to urge everyone who is interested in town building to come to the meeting. Particularly is it requested that all organized groups—clubs, societies, etc.—in Montevallo see that they have an official representative at the meeting. These local organizations participated in the institute when Mr. Morrison was here. It is hoped that their interest and hearty co-operation will be continued now that we have come to the place where we shall prepare to put some of the town planning suggestions and inspirations into actual working form.

Let us have the set-up complete by the time everybody gets back home this summer.

Come to the meeting next Tuesday night. It does not matter for this particular meeting whether you are a member of any existing community organization or not. If you are a citizen of Montevallo or surrounding communities, and are interested in things that will make for all of us a better place to live, then you belong in the Town Forum. Let's get in at the start.

FARMERS LEARN TO MEASURE TIMBER

Auburn, Ala.—Farmers are showing increased interest in the timber crop and are learning to measure and appraise timber prior to selling, Rufus Page, Jr., extension forester, says.

In 1939, 262 farmers in 28 Alabama counties received advice and assistance from county agents in timber scaling. A total of 171 timber estimating and appraisal demonstrations in 44 counties have been scheduled for 1940. To date in 44 group meetings, this subject has been discussed by county agents, assisted by the extension foresters.

In these meetings use of log rule, rate of timber growth, proper harvesting methods, and appraisal of standing timber were discussed and trees, usually on an acre of land, where properly marked for selective cutting and each marked tree scaled to determine the board feet contents. Every county agent in Alabama has a set of timber and log scale sticks which will be loaned to farmers upon request.

G-Men To Investigate Charges Of "Fifth-Column" Activities

Birmingham, Ala.—President Roosevelt has requested all Federal agencies, police officers, sheriffs and other law enforcement agencies to transmit promptly any information relating to so called "fifth column" activities to the nearest representative of the Federal Bureau of Investigation, George L. Davis, State Director of Government Reports, announced today.

This procedure was evolved to permit the careful sifting out and correlation of all information and to avoid "confusion and irresponsibility." The Alabama office of the federal and local investigation is located at 320 Federal Building, Birmingham, all federal and local law enforcement officers should turn over to the FBI any information relating to espionage, counter-espionage, sabotage, subversive activities and violations of the neutrality laws, it was announced.

The President's instructions to all federal agencies are as follows:

"The Attorney-General has been requested by me to instruct the Federal Bureau of Investigation of the Department of Justice to take charge of investigative work in matters relating to espionage, sabotage, and violations of the neutrality regulations."

"This task must be conducted in a comprehensive and effective manner on a national basis, and all information must be carefully sifted out and correlated in order to avoid confusion and irresponsibility."

"To this end I request all police officers, sheriffs, and all other law enforcement officers in the United States promptly turn over to the nearest representative of the Federal Bureau of Investigation any information obtained by them relating to espionage, counter-espionage, sabotage, subversive activities, and violations of the neutrality laws."

AAA Conservation Pay is 14 Million

Auburn, Ala.—Triple-A checks, nearly 305,000 of them totaling \$14,600,000, have gone to Alabama farmers for soil conservation and soil improving practices and for diverting land from soil depleting crops during 1939.

The annual attempt by farmers to halt the ravage of erosion, to build new fertility in the soil, to produce more of the feed crops and pastures they need and reduce cotton acreage will bring them nearly \$16,000,000 with 309,000 farmers receiving AAA financial assistance when payments are completed, says A. W. Jones, State AAA administrator.

Aside from diverting acreage from soil depleting crops like cotton and peanuts, farmers terraced, planted legumes, established pastures, planted and protected trees, grew more hay and other feed crops and applied thousands of pounds of phosphate and lime to the soil.

These payments did not represent the entire value in money and efforts expended, Jones said, adding that AAA payments for the various soil building practices. "The most important phase of the AAA program is not and never was intended to be a gift or repayment to farmers for doing improvement on their farms. They are only to help the farmers bear expense involved in adopting these practices."

In addition to the above payments farmers have already received \$8,312,926 in price adjustments, or parity payments. Total payments going to 309,000 farmers will total over \$23,000,000 for the 1939 program, Jones said.

More than 200,000,000 chicks, enough to supply about one-third of the spring demands, will be produced by hatcherymen in 44 states operating under the National Poultry Improvement plan, says John E. Ivey, Alabama extension poultryman.

BEAUTY HINT

Virginia Field wears a 1940 coiffure which combines sleek business lines with soft curls. Practical and easy to keep in place it is attractive as well. Left side view shows the side curls which are also at the crown of the head. The tailored roll is seen to better advantage in this view.

Mrs. R. G. Hancock and daughter, Joyce, of Alexander City were the week end guests of Mrs. Hancock's brother, Mr. R. H. Russell and family.

The farmer who feels he does not have the money to spend on winter legume seed this fall can obtain Austrian winter pea seed without cash outlay under the AAA grant-of-aid.

COTTON DRESSES BECOME POPULAR

Auburn, Ala.—Cotton comes into its own this summer. It has received the coveted nod of those who dictate styles and will be the most popular fabrics on the market.

As every woman knows, cotton is far less expensive and more durable and lasting than other material for hot summer wear, points out Catherine Haynes, clothing supervisor of the State Extension Service. The thrifty and industrious woman who makes her own cotton frocks will want to know of the style trends before she goes shopping for material and patterns. The increasingly large part that cotton is playing in the women's shops of America is due largely to processing and pre-fading and to special finishing which makes the materials keep that new look indefinitely.

Cotton will not only be stylish but practical and there are weaves to fit every pocketbook.

"Necklines are high and colors are receiving special attention. Shoulders continue to use enough padding to give a balance breadth to the figure. Skirts are a bit more slim, belts are more numerous and colors are light, grayed and bright, lavender, mauve and amethyst tones are popular," says Miss Haynes.

Misses Mary Nell and Helen Gardner and Clyde Jr., were guests of friends in Haleyville, Sunday.

Dr. Leslie Hubbard of Birmingham is relieving Dr. L. C. Parnell, who is away a few days because of the illness of his father.

Mrs. G. B. Hines of Birmingham arrived Wednesday to spend a while with her sister, Mrs. Ed Mulkey.

Howard Gray, president of the Alabama Farm Bureau Federation, has appointed a committee of J. R. Brunson, Greenville; W. S. Kirk, Roanoke, Q. L. Stewart, Greensboro to set a definite date for the annual Federation meeting in Birmingham this summer or this fall.

Of the 200,000 farms in Alabama, approximately 198,000 are cooperative in the 1940 AAA program.

Future Homemakers Choose Betterment Of Home Life As Principal Project For Year

On the final day of the annual meeting of the Alabama Future Homemakers Association, which was held at Alabama College June 6-8, the members set up major objectives for the coming year. The Association voted to take as one of the major projects, the betterment of home and farm living in the state. This objective was set up following a discussion of "Future Homemakers and Future Farmers in an Alabama Farm and Home Program," by R. E. Cammack, supervisor of agricultural education in Alabama. He challenged the group as to what could be done through their organization and through their members as individuals for the betterment of home life. The challenge included the hope that the Future Farmers of the local chapter be contacted regarding these matters. Since the problems of improvement in farm and home living vary with different sections of the state, with each local community, and with each home, this major objective was set up in these broad terms. Each local chapter and each individual in it will make definite plans for the specific needs in this phase of the chapter program.

The other major objective to which all the chapters will give attention is the improvement of the living-dining areas of vocational home economics departments of the state. Emphasis was given to the fact that these areas play such an important part in the training of boys and girls of vocational home economics and agricultural departments in personal, home, and community living. This project will vary also according to the needs of the various departments.

BOY SCOUTS

The Montevallo scouts met at the cabin Monday night. The first part of the meeting was devoted to test-passing. Pat Wyatt described the trip that some scouts took to Birmingham. They talked about the things that they saw that were used to protect the public.

The election of the patrol leaders was postponed until next meeting.

After the business meeting the boys ate sandwiches and played games.

The Wilton Scouts met Friday night at 8. In the absence of scout master, Frank Bassett, Senior Patrol leader, was in charge of the meeting. In the business meeting further plans were made for the County Camporee. After the business meeting an informal discussion of the international situation was led by Henry Winslett.

The picnic that was to have come off Sunday, had to be postponed because of rain.

Mr. Roy Hicks Jr. left Friday to join the Elliott tour through the East.

Friends Mourn The Untimely Death Of Clarence Lucas

A sorrowful accident happened in our community last Tuesday night, June 11, bringing sudden death to Mr. Clarence Lucas, and deepest grief to many friends and loved ones.

Clarence was a well settled boy of 28, the eldest of seven children. He did not realize that life would be taken from him instantly as he was riding alone to visit his brother. The accident happened about one mile east of Montevallo on the Montgomery cut-off. Warren Kicker was the first to find Clarence who was saying farewell to this old world and welcoming the great beyond.

Clarence had been a member of Sessions Chapel Methodist Church for the past seven years. He enjoyed Sunday school and singing very much.

The funeral procession left the home at 10:30 Friday morning, led by Alabama highway patrolmen, followed by the pallbearers, Mr. Harlie Coshatt, Mr. Frank Coshatt, Mr. Warren Kicker, Mr. Jack Reynolds, Mr. Eugene Reynolds, and Mr. Tom Reynolds; the ambulance, and the family car. Flower girls were Mildred Coshatt, Mildred Anderson, Mrs. Myrdie Williams, Miss Janie Horne, Miss Minnie Lee Coshatt, and Miss Margaret Coshatt. Following these in the procession were a great many friends and loved ones, with a patrolman near end of the procession.

Mrs. J. A. Kicker, pianist, played softly as the remains were brought into the church at Sessions Chapel. Miss Ruth Horne led the singing by a selected choir. Softly and tearfully they sang "Farther Along," "Will the Circle be Unbroken?" "In the Sweet By and By," "How Beautiful Heaven Must Be," "Shall We Gather at the River," and last the favorite song of Clarence, "Jesus Hold my Hand."

The Rev. J. A. Kicker officiated, bringing the message and reading the 14th chapter of Job. He took as his text I Samuel, 20:3, "There is but one step between me and death."

The remains were carried to the Randall cemetery, where the choir, accompanied by the flower girls, sang slowly and softly, "Precious Memories," and "God be With You Till We Meet Again." As the body was being lowered into the grave Miss Ruth Horne prayed God's blessings upon the bereaved ones. Brown-Service in charge of the burial.

Clarence is survived by his parents, Mr. and Mrs. Gene Lucas, of Montevallo; two sisters, Miss Flossie Lucas, of Montevallo, and Mrs. Roger Murray Herrick, of Key West,

Florida; four brothers, Jasper, Albert, Winston, and Edgar (Betty) Gene, all of Montevallo; and a host of relatives and friends.—Contributed by a friend.

Flag Day Observed By D. A. R. Chapter

Twenty-three members and guests of the David Lindsay Chapter, D. A. R., celebrated Flag Day, June 14, with a picnic and an appropriate program at the College infirmary.

Mrs. H. D. LeBaron, regent of the chapter, presided over the meeting which followed the supper. She gave a short synopsis of the program for the evening on "The Ideology of the United States" which concluded the series on "National Ideology." Dr. A. W. Vaughan, in a most impressive manner, set forth several questions which are bound to face the American nation at the close of the war. A round table discussion followed.

The hostess group included Dr. W. A. Peck, chairman; Mrs. Ed Little, Mrs. Robert Holcombe, Mrs. Zoe Black, Mrs. Stanley White.

Reinke Appointed To Alumni Committee

Appointment of Edgar Reinke, Alabama College, alumnus of the University of Chicago, to the Montevallo executive committee of the University Alumni Foundation was announced today by Lorraine Person, chairman of the committee.

First objective of the Alumni Foundation, in which the Montevallo committee will play an important role, is an alumni gift to be presented at the celebration of the University's fiftieth anniversary. The anniversary is particularly noteworthy because of the position of eminence the University has achieved in a span of life which is the shortest of any major university in the world.

A campaign by committees of the Alumni Foundation simultaneously is being conducted in 350 American cities. There are approximately 46,000 living alumni of the University.

A privately endowed institution, the University of Chicago receives no support through tax funds. Though the total amount of its endowment has increased since 1929, the rate of return on invested capital has declined 40 per cent with this week.

resultant decrease in the University's income. This decline was described by President Robert M. Hutchins in his recent annual report as "the most important educational event of the past year."

PREPARE NOW FOR CANNING

Auburn, Ala. — Housewives not ready for canning that surplus of vegetables and fruit should get prepared for this important activity as soon as possible, says Lavada Curtis, extension food preservation specialist.

One of the first things to do is to check that pressure cooker. It may need to be returned to the factory for major adjustments. Next the successful canner should get new jar lids and rubbers as insurance against spoilage.

It's better to buy new cans than to re-flange old ones, according to Miss Curtis who says that enamel cans are good for berries, prunes, and beets, pumpkin and squash, corn, peas, hominy, chicken, or fish products. They should not be used with acid products or fat meats.

Mrs. F. H. Frost and Mrs. Mary Bickler attended the P. T. A. convention in Tuscaloosa the first of this week.

Business Women's Club Enjoys Picnic

The regular meeting of the Montevallo Business and Professional Women's Club was held Monday evening, June 17, at Big Springs, with a large and interesting group in attendance.

After quantities of fried chicken and all the delicacies which accompany it were disposed of, the regular business session was presided over by Mrs. Lena Jeter, president.

Aside from the current business of the club, plans were made to hold tea, July 11, at Reynolds Hall, honoring members of the state Legislative Council, with Mrs. Nannie Nash, State vice president, and Geraldine Ethridge, state recording secretary.

The club is continuing the drive for money to be added to that already collected for the American Red Cross European Relief Fund. As a group, they are also supporting House Bill No. 933, now pending, which seeks to prove the status of child laborers in the State of Alabama.

Guests of the club were: Dr. Zoe Black, Alabama College, Misses Betty LeBaron, Lucile Mahan, Jimmy Nell Milner, and Mary Peter, former president of the Columbiana Business and Professional Women's Club.

Rabies Precautions Often Prevent Serious Disease

When a person is bitten by a dog or other animal, the first impulse, to often, is to kill the animal so the head may be examined for evidence of rabies.

If this is done, it often happens that, even though the animal is suffering from rabies, the disease is not far enough advanced to cause the characteristic changes in the brain. The laboratory examination, therefore, will be of no value.

The invariable rule should be to pen or tie the animal securely, see that it is fed and watered properly and watch it for the development of symptoms.

If the animal was in an infectious stage at the time of the bite it will develop symptoms and die within a few days and the head can then be removed, packed in ice and taken to the nearest laboratory for examination.

The animal should be kept isolated for 15 days if symptoms develop.

If the bite happens under suspicious circumstances or the animal shows any changes from the normal in the behavior, it is best for the bitten person to begin treatment at once with anti-rabies vaccine and this can be discontinued if the results of the examination of the head prove satisfactory.

Farmers Must Produce Feed On Their Farms

To farm successfully farmers must produce their feed needs on the farm.

There is still time to provide for the hay needs and also the grain by side dressing corn with 225 lbs. of soda per acre, or its equivalent.

Each work animal should have 75 bushels of corn, a milch cow 20 bushels, brood sow 60 bushels, meat hog 15 bushels, and a hen 1 bushel of corn. Each work animal and cow should have 2 tons of hay.

Where sufficient hay has not already been planted, you can plant now cowpeas, soybeans and sorghum hay. Soybean hay should be planted in rows and fertilized with 400 lbs. of superphosphate per acre.

Farmers having herds of 10 or more cattle should plant sorghum to provide 3 tons of silage for each cow; this silage can be easily stored in a trench silo. The sorghum can be placed in the trench in the stalk and chop off with a sharp hoe as it is being used.

With the outlook of a poor cotton crop, it's more important that every

effort be made to supply all the feed needs. Do this while there is still time, for it will soon be too late.

When the housewife buys a nine-cent one-pound loaf of sliced bread wrapped in wax paper, she gets a little over one cent's worth of wheat and somewhat more than seven cents worth of transportation, labor, baking, paper and other materials and service.

Mr. and Mrs. Wilson Gonce of the University of Alabama, spent the week end with the former's sister, Mrs. R. H. Russell.

Mr. and Mrs. L. W. Wooten are spending their vacation at Fort Walton, Florida, this week.

No longer is it necessary to endure sweltering "bake oven" bedrooms! With an ATTIC VENTILATING FAN in your home, cool night breezes flow through every room, assuring you and your family restful sleep—even during the hottest weather.

The attic ventilator cools the entire house by exhausting torrid, superheated air from the rooms and by drawing in cool, fresh night air through every window. This compact home-conditioner is easy to install—and amazingly economical to operate. Equally effective in one- or two-story houses.

ATTIC VENTILATING FANS are installed readily in one- or two-story homes, and are supplied with automatic ceiling shutters that open when the fan is started and close completely when the fan is stopped.

By-laws in keeping with the spirit of this constitution, embodying additional provisions for the government of the Forum, may be voted at any of the meetings of the Town Forum.

The constitution and by-laws of the Town Forum may be amended at any regular meeting by a vote of three-fourths of the membership present.

Career Conference

(Continued from front page) noon and evening of Thursday, June 27, the vocational outlook in 1940 will be covered, both as to opportunities available and the requirements for success. At the general meeting on Friday evening, Miss Shell will hold demonstration interviews, showing just what is likely to happen when a girl applies for a job in several different fields.

The Conference will have play mixed with more serious matter, as a variety of recreational opportunities will be available. The Conference is planned so that the girls will have ample time to make acquaintance with each other. There will be tours of the campus sponsored by Student Government; vocational literature on display in the library; movies on vocations; a picnic supper at the Camp House; tennis; swimming, including a special "splash party" following the last session; a musical half hour before dinner and the traditional stepping of Alabama College on Friday evening.

The social high spot will be the garden party to be held Thursday evening in the beautiful gardens of the President's home. The girls will have an opportunity to meet informally not only the students but the women attending the Conference as speakers as well as other distinguished women who will be special guests for this occasion.

WPA Projects For County Are Approved

Improvement of Highway 25 And
Community Building at
Columbiana are Approved

Information received by The Times Monday from Congressman Pete Jarman in Washington tells us of presidential approval for two new WPA projects in Shelby County.

One project is for use on State Highway 25; amount \$20,600. The other is for constructing a community activity building in Columbiana, amount \$4,978.

Mr. Jarman stated that the proposed work on Highway 25 will include improving same by clearing, grubbing, excavating, placing base, dressing and grassing shoulders and slopes, widening, ripraping, sloping banks and surfacing; building ditch checks; installing culverts, headwalls, and right-of-way markers; constructing ditches; removing headwalls and relaying culverts; resetting fences and performing incidental appurtenant work. Sponsor of this project is the State Highway Department.

It is not stated just what part of Highway 25 will be included in this work. It is thought, however, that it may most likely be for constructing the unfinished gap in the paved road in the vicinity of Shelby Springs, and for completing the paving from Wilton to the Bibb County line.

The Town of Columbiana is sponsor for the community activity building.

Army Camp To Train 300 Men In Fourth Corps Area

Mr. J. L. Appleton, county chairman of Shelby County, is now taking applications for a special camp, just authorized by the War Department, for training 300 business and professional men in the Fourth Corps Area. This is being held in connection with the Citizens Military Training Camps, the first time such a course has ever been offered in this corps area.

This camp for patriotic civic leaders between the ages of 25 and 50 will be for thirty days, from July 8 to August 6, at Fort McPherson, Georgia. Applicants who are accepted will provide transportation at their own expense and will pay for their own meals at the Regular Army ration rate for the camp. Regular Army uniforms and equipment will be used. All training and administration will be conducted by Regular Army and Reserve personnel, who will organize the camp and train 300 trainees. No obligation rests upon these trainees for military service in the army, and no commissions will be granted on completion of camp.

The Military Training Camps Association is sponsoring this plan of training which will be nationwide in every corps area. The object of these camps is to bring together business and professional men from all sections under the most favorable conditions of outdoor life, to stimulate and promote citizenship, patriotism and Americanism. Men in these camps will receive expert physical direction and training of individual benefits. Selection of men for this training will be based primarily on educational qualifications and civic leadership in the local community. A special course will be given the trainee applicable to men of more advanced age and experience.

CIVIC CLUB

The next meeting of the Montevallo Civic Club will be held Wednesday, July 10.

BIBLE SCHOOL

The Bible School, sponsored by the churches of Montevallo, will begin Monday morning at 9 o'clock and continue for a period of two weeks. The sessions will be held at the Baptist Church each day from 9 to 11:30. All children from the ages 4 to 15 are cordially invited to attend. A fine group of teachers and workers has been secured and there is every indication that they will have a good school. With the citizens of the town cooperating, there should be a large crowd of children to attend. A number of moving pictures related to the work of the school will be shown.

STORES TO CLOSE JULY 4

The stores will be closed all day Thursday, July 4. Everyone is urged to do his trading before six o'clock Wednesday afternoon.

Career Conference Meets Here Today

Nearly 300 high-ranking high school juniors and seniors, who have been recommended by their high school principals, are meeting at Alabama College this week for the seventh annual Student Career Conference.

At the conference the girls are spending their time listening to Alabama woman leaders in a variety of fields, attending round tables, and talking among themselves, seeking an answer to the perennial question: What vocation do I want to follow?

On the social side, there will be a garden party, given in their honor by President and Mrs. A. F. Harman in the gardens of Flower Hill, home of the President, on Thursday evening; a picnic supper at the College Camp House; motion pictures; and "splash parties" in the college pool.

This year the conference has a new director in the person of Miss Rochelle Rodd Gachet, who joined the official staff of the college last February to head the new Vocational Advisory Service for Alabama women which the State College for Women has inaugurated.

A large number of Alabama women leaders in business and the professions are present to lead round table discussions, telling the girls what opportunities for service exist in their fields.

Montevallo Has A Special Interest In Alabama's New Committeewoman

J. B. PITTS

J. B. Pitts, age 74, of Columbiana, passed away at the residence Thursday afternoon. He is survived by the widow, two sons, Ronda and Nathan Pitts, of Birmingham; four daughters, Miss Era Pitts of Columbiana; Mrs. H. M. McClanahan of Anniston; Mrs. J. S. Davidson, of Helena; and Mrs. J. T. Betts of Birmingham; and seven grandchildren. Funeral services were held at the residence Friday at 3:30 p.m., the Rev. H. T. Edwards and the Rev. J. W. Jones officiating. Interment was in Columbiana Cemetery.

Active pallbearers were H. P. Barton, Allen J. Matthews, Robert Bond, H. L. Gould, Elmer Davis, F. S. Farr. Honorary pallbearers were members of the Men's Bible Class at Columbiana Baptist Church, Dr. J. W. Crawford, Dr. M. O. Park, and Cecil Duke. Walton of Columbiana in charge.

AMERICAN LEGION

The American Legion meeting will be held Thursday night, July 11, at 8 o'clock in the Legion Hut. Delegates to the state convention will be elected as well as new officers.

Each member is urged to pay his dues before the convention, which will be held the last of July.

Christian Service Society Holds Business Meeting

On Monday afternoon, June 24, the regular monthly business meeting of the Women's Society for Christian Service was held in the ladies' parlor of the Methodist Church. Thirteen members were present.

Mrs. Lena Duran conducted the devotional and gave a very inspirational talk on habits of Christian living.

Mrs. J. P. Kelly presided over the business meeting and called for reports from the officers present, and discharged other items of business.

Afterward, Polly D. Mink, who was sent by the society as a delegate to Miles Memorial Training School in Birmingham, gave a most interesting report of her week's work there and showed samples of her work in handicraft. The report was thoroughly enjoyed and appreciated by everyone present.

PRESBYTERIAN CHURCH

Dr. Irwin T. Sanders of the sociology department of Alabama College will speak at the regular morning service at the Presbyterian Church on Sunday in the absence of the pastor. Dr. Sanders' friends will want to hear him, especially since he leaves soon for Lexington, Ky. Rev. Thomas M. Davis, the pastor, is at Montreat, North Carolina, attending the Presbyterian Educational Association of the South, a body made up of presidents of Presbyterian colleges, university pastors, and student workers.

Sunday School will be held as usual at 10 o'clock, with Prof. W. J. Kennerly, superintendent, in charge.

MRS. CARLOS I. ADKINSON

Mrs. Walter Fancher received a message Tuesday of the death of her niece, Mrs. Carlos I. Adkinson, of Dothan. Mrs. Adkinson was the former Mary Kate Fancher of Bibb County. She had been ill for a year.

Her survivors are her husband and four small sons, her father, Mr. Jim Fancher, of Bibb County, one brother, Mr. Joe Bailey Fancher, of Pea Ridge; and three sisters, Mrs. Jim Lee Fancher, of Pea Ridge, Mrs. Austin Reach, of Birmingham, and Mrs. Jessie Trot, of Bibb County.

Mr. Edward Lyman of Tuscaloosa spent the week end with his mother, Mrs. E. S. Lyman.

New Super Groc Market Opened

Mary Allen Weds David Whittington

Miss Mary Allen, youngest daughter of Mrs. Edwin Allen, and David Burbank Whittington were married June 20 in the pastor's study at the First Presbyterian Church in Hot Springs, Arkansas.

The single ring service was read by the Rev. Robert S. Woodson in the presence of a small group of relatives of the couple.

The bride was attractive in her wedding dress of navy sheer with which she wore a white straw hat with navy trim. Her flowers were a corsage of gardenias, her only ornament a necklace of white jade.

The bride has made her home in Hot Springs for the past several years with her aunt, Mrs. William G. Bouic. She is a graduate of Hot Springs High School and Alabama College. She is a member of the Oak Street School faculty.

Mr. Whittington received his degree in law from the University of Arkansas at Fayetteville, and has been practicing his profession in Hot Springs for the past two years. He is the son of Mrs. Susan B. Whittington and the late George P. Whittington, prominent attorney in Hot Springs for many years and a member of one of the oldest families there. On his maternal side Mr. Whittington is descended from the Burbank family of Kentucky and his great-grandfather was Governor Dickinson of that state.

The couple will make their home on the Little Rock Highway, deferring their wedding trip until later in the summer, when they expect to visit the bride's mother, Mrs. Edwin Allen.

CALVARY HILL

A Sunday School Training School will be in session July 8-12 in the Calvary Hill Church. Miss Fannie George Hurt, of Birmingham, who is on her vacation from the Seminary at Fort Worth, Texas, will be the teacher. We knew and loved Miss Hurt last summer.

The Ladies' Bible Study Class held a nice spend-the-day with Mrs. J. E. McKelvey, quilting an appreciation quilt for our much-loved pastor, Dr. Pearson.

The church is planning for its Sunday School to attend services at Montevallo Baptist Church during the revival beginning the second Sunday in July. We are looking forward to our own revival the first Sunday in August.

Daily Vacation Bible School begins the third week in August, or August 19.

MEMORIAL SERVICES

All-day memorial services will be held at old Salem on the Elyton Road Sunday, June 30. Everybody is invited to come and bring a well filled basket.

BIBLE STUDY CLASS

The Bible Study Class of the Women's Society for Christian Service will be held Monday afternoon July 1, at 3:30 at the home of Mrs. J. Alex Moore, instead of July 8, regular time for the meeting.

MONTEVALLO SCOUTS

The Montevallo Scouts met in their cabin Monday night at 8 o'clock. The troop started reorganizing and elected new officers. Barber Davis and Speedy Farlow were elected patrol leaders with Roy Hicks and Fooths Parnell as their assistants. Pat Wyatt was elected to the office of scribe. After the election they planned a camp for Tuesday night.

Store And Alabaster

Self-Service Is An Important
Feature of The P. T. Store
Of John Denham

Opening of the new P. and T. (Pay and Take) Super Grocery and Market at Alabaster this week brings to one of Shelby County's small and hustling towns a store and a service that has hitherto been available only in the larger cities. Mr. John Denham, a well-known merchant of the Siluria and Alabaster district for several years past, is the owner and proprietor of the new super store.

The place is in every sense new. It is in a new building located on the highway at Alabaster, next to the office of the Alabama Power Company. It has new and up-to-date fixtures inside, designed according to the latest methods for a store of this kind. It is a complete food store in every sense. The new and modern meat market is equipped with the latest refrigeration devices, finished in white porcelain enamel and stainless steel.

Self-service for customers of this super store will be a most attractive feature. People have found this kind of store to be just what they want in food store service wherever one has been established. Hereafter it will not be necessary for the people of Siluria and Alabaster and surrounding territory to have to go away from home for this advantage. John Denham's P. and T. Super Store affords every service, merchandise and price advantage that can be found in the city.

Just for fun, let us imagine we are on a visit to this new store to buy a supply of something to eat. We enter the front door where we find at hand a bunch of little wheeled carriages with baskets on them. We get one of these and start rolling it down the aisles between shelves and banks filled with every kind of food store merchandise. All of it is in plain view, easy to reach, and with the price marked in plain figures. As we move along we pick up a package here, a can there, a sack of something over here, all around through the store. On our way we have passed the beautiful and super-cleanly market. Here we picked out such meats as we desired, and the cutting and packing of same was done for us by a most affable young man in charge of that department.

On our round through the store we have at last come to the fruit and vegetable department. Here we pick out our potatoes, apples, bananas, turnips, beans, or whatever we desire. They are weighed by a young man and placed in our basket.

Several Injured In Auto Accident

Several persons were hurt in an accident early Wednesday morning on the Centreville highway just below Wilton. Automobiles driven by J. R. Hardy, of Montevallo, and Haysie Westbrook, of Linden, collided head-on. Mr. Hardy who was alone in his car, received several cuts and bruises on the body and arms.

Traveling with Westbrook were Rev. C. M. Agee, Bennie Lee Gibbs, Brown Wallace, Donald Barkley, C. H. Glass, Jr., all of Linden. They were on their way to a B. Y. P. U. meeting at Shocco Springs. Rev. Agee was the most serious hurt. He suffered bruises on the head and perhaps some broken ribs. He was taken to Selma for X-ray examination.

All of the injured were brought to Montevallo, where physicians administered first aid treatment.

DOBBINS AND BUCKLES

As we were taking our regular Thursday afternoon nap last week The Times office was visited by two distinguished members of the newspaper profession in Alabama, Mr. Charles G. Dobbins, publisher of the Anniston Times, and Mr. Doyle L. Buckles, of Tuscaloosa, manager of the Alabama Press Association. The Times appreciates the visit of these two gentlemen, and the editor is indeed sorry he was not in the office to give them the official fraternity greeting.

Mr. Dobbins was here to conduct a forum in journalism at the Alabama Writers Conclave at Alabama College. He was, no doubt, very much at home where he served several years in the capacity of executive secretary and director of publicity. Mr. Buckles was here as a speaker on the conclave program.

KROELL-PARKMAN

A marriage of much interest to her many friends was that of Miss Pattie Kroell to Daniel Parkman.

They were married Sunday, June 23, at the home of Mrs. Parkman's sister, Mrs. Hoyt Tally, in Demopolis.

The young couple will make their home in Monroeville, Ala.

MISS LYMAN ENTERTAINS

Miss Hattie Lyman entertained a group of her friends Saturday afternoon with a picnic and swimming party at the river near Boothton.

After a delicious supper the guests enjoyed a swim in the river.

Those included were Mrs. W. F. Tidwell, Miss Roberta Hudson of Montgomery, Miss Katherine Farrah, Miss Betty Stockton, Miss Minnie Dunn, Miss Martha Allen, Miss Elizabeth Allen, Misses Eleanor Allen and Mary Allen Tucker of Lafayette, Miss Marion Jones-Williams, Mrs. T. D. Woods, Misses May Lyman and Frances Woods, Robert Edward Lyman, Miss Ethel Bickham, Miss Carolyn Ott of Columbus, Ohio, Mrs. E. S. Lyman, Miss Sarah Puryear, Mrs. Steel Black and Winifred Black of Greensboro, and the hostess, Miss Hattie Lyman.

CARD OF THANKS

We wish to extend our heartfelt thanks and appreciation for the acts of kindness, messages of sympathy, and beautiful floral offerings received from our many friends during our sad bereavement in the death of our father, J. W. Reynolds.—The Family.

THE crowd roars as the runner slides home with the winning run! Baseball—like picnics, swim parties, fishing, golf, the beach—means that good old summertime is here again.

This Summer throughout Alabama you'll appreciate pleasant retail beer outlets. Your 1940 beer retailer operates a clean, inviting place in an orderly manner. He cooperates with the beer industry's "clean up or close up" campaign by observing the ABC laws and the laws of public decency.

Thus he helps preserve for the State and nation an industry which pays \$1,000,000 a day in taxes—a revenue source of vital importance as America drives ahead with its national defense program.

You, the public, can cooperate by refraining from asking the retailer to violate ABC laws, and by reporting to our Committee any outlet not being operated in an orderly manner.

Super Store

(Continued from front page)
with all the other things we have selected.

Now, we have in our basket all we want for this time, and we are ready to go. Here at hand is the cashier. He takes the things out of our basket, packs them in paper bags, at the same time adding up our bill on the adding machine. The total is made, the bill is paid, and a waiter takes our packages to the car just outside in the ample parking space provided for customers. Here we go, and it really was fun buying at this new kind of store where everything was so nice, handy, and convenient. Oh, we forgot to look at the bill. Item by item we run over it, and are still more pleased to find that we have saved almost a dollar on this one purchase.

As mentioned before, Mr. Denham has long been associated with the merchandising business at Siluria and Alabaster. He was formerly president of the Siluria Mercantile Co. Prior to that connection he was manager of the old Buck Creek Cash Store.

Showing us his new store Monday, he said: "For a long time I have

dreamed and planned for a store of my own here in which I might serve the people of Alabaster and Siluria as I know they want to be served. This is it, and I am proud of it. I know it takes the best merchandise at the lowest prices to fill the desires of present-day homes. That is what I shall give you here, coupled with a service that is not excelled anywhere. I want everyone to come to see me. This is your store. It is something I have thought out, planned and built for you. I sincerely hope you will use it and enjoy it. And if you do, I guarantee to see to it that you profit thereby."

We commend Mr. Denham for this new departure he has made in a merchandising establishment. We congratulate the people of Siluria and Alabaster upon having such an institution in their midst to serve them. This is but another step in the progress of the already hustling and growing community of Siluria and Alabaster.

BAPTIST CHURCH

Sunday School will meet at 9:45 a.m. The regular morning service is at 11 o'clock. The Baptist Training Union will meet at 7:15 p.m. Evening service will be held at 8.

WILTON NEWS

Anita Bradley Has Birthday

Anita Bradley celebrated her fourth birthday with a party Monday afternoon at the home of her grandparents, Mr. and Mrs. J. C. Adams. After a series of games, delightful refreshments of ice cream and cake were served to the following guests:

Sarah Winslett, Yvonne Adams, Frances Bean, Betty Ann Hogan, Boots Tatum, Ann Nolen, Fay Robinson, Joan Conway, Ann Daniels, Hope Bowden, Joyce Bradley, Bobby Winslett, Jimmie Winslett, Ray Winslett, Herbert Winslett, Billy Rainey, Floyd Rainey, Alfred Robbins, Edward Robbins, Ronald Tatum, Raymond Conway, Jr., W. C. Hamm, Jr., Tommy Daniels, Donald Litton and Johnnie Litton.

Our daily vacation Bible school closed last Friday. It accomplished much good.

Miss Alice Nolen has returned home after attending the Southern Baptist Convention, the World's Fair, Niagara Falls, and other places of interest.

Mr. Houston Adams and friend Frank Smith, of Birmingham, spent Saturday night with home folks.

Mrs. Charlie Blocker visited her daughter in Rome last week. Mr. Blocker went up over the week end and she returned home with him.

Curry Ward spent the week end with Mrs. H. C. Langston and family.

Mrs. Mae Moreland visited Mr. and Mrs. Chester Turner Saturday night and Sunday.

Mrs. R. D. Gunlock, Jr., attended the marriage of her sister in Demopolis Sunday.

Your Home for
an Automobile
Ride Tonight!

Can you imagine your home sailing along like an automobile these hot, sticky nights? How cool and comfortable you would feel as the fresh night air flowed through every window. With attic ventilation, you can enjoy just such a home! Every room will be filled with soft night breezes. Of course, an ATTIC VENTILATING FAN does not move your home. Instead, it moves the air through the house—which produces the same cooling effect. Equally effective in one- or two-story houses.

Each ATTIC VENTILATING FAN is furnished complete with an automatic ceiling shutter. It drives torrid, superheated air from your home and draws in cool, fresh outdoor air through every open window.
